Certificate

This is to certify that Narendra Kumar Swami, a student of Ph. D., under my supervision has carried out the research work entitled “**Depositional Environment and Sequence Stratigraphy of Jurassic Sediments in north-eastern part of the Jaisalmer Basin, western India**”. This thesis is based on the work carried out by him.

He has worked in the Palaeontology Laboratory of this department for more than one hundred days every year.

To the best of my knowledge, the present work has not been submitted for any other degree of any university.
