

ACKNOWLEDGEMENTS

My Guide Prof Dr Uday Salunkhe for the guidance and encouragement to complete my thesis. This along with my regular institute research activities was possible due to his motivation.

Dr V V Manerikar for her advice and guidance during the progress of my thesis.

Our Research Assistant, Ms Kalpana K Hinduja for her enthusiasm and ongoing support through the three years of my study. Her help in data collection, secondary data, coding of data and administrative support cannot be expressed in words.

Dr G P Jakhotiya my professor from JBIMS, showing interest and guiding me through the progress.

Dr. Anil Naik our Research Dean for his cooperation.

Dr P S Rao for his insights in completing the thesis.

Prof. Pradnya Khandeparkar who suggested the coding format.

Prof. Sumeet Manerikar for his inputs on data analysis.

My Doctors: Dr Riten Pradhan, Dr S Y Bhojraj, Dr V C Jacob, Dr Himanshu Doshi, Dr Parinaz Humranwala, Dr S Sagade, Dr Harish Mehta, Dr Jawahar Modi who have maintained my health and encouraged me to complete my thesis. A special mention of Dr Dhruv Mehta who helped tremendously in obtaining primary data and also translating some of my questionnaires.

I am Indebted to Dr H S Chhabra of ISIC who showed me the direction and informed me about model rehabilitation centres. Dr Anil K Gaur of AIIPMR and Dr Anupam Gupta of NIMHANS.

My Professional Management Colleagues Mr Ernest Fernandes, Mr S K Nagpal, Mr R J Khambatta, Mr Soli Doctor and Mr Kiran Umrootkar, who gave timely suggestions.

My Nina Foundation members especially Ms Neenu Kewlani, Ms Sunita Sancheti, Mr Nitin Goyal, Ms Vandana Garware and Mr. Javed Abidi for their unstinted support.

My Students Mr Suyash Deshpande, Mr Vineet Neve, Ms Nishtha Badani, Ms Shilpa Gupta and Mr. Srinivas Subudhi for their support in compiling the report and SPSS analysis.

My Colleagues Namrata Mehta, Anu Ganesh, Kailas Mehta, Radhika Vora and Dr Nalina Gupta for supporting various activities like data entry, data collection, translation etc.

My Rotarian friends, my relatives and friends like Mrs Meera Mehta, Mr Manasvi Mehta and Darshika Thakker and the entire kreate team especially Mr Mukand Pai and Mr Deepak Harnekar for their whole-hearted co-operation.

Above all my family members. My brother Dhaval, my sister-in-law Rupal and my nephew Dev.....who have been a pillar of support and strength in this academic voyage. It is as much their thesis as mine. They organized everything such that I had the freedom to work on the thesis.

Each and every person that I have come in contact with and has directly or indirectly helped in my study, my profuse thanks. I am obliged to all the respondents, opinion experts especially Dr. Patrick Kluger for his ongoing inputs and Prof. Jagdish Sheth for his open minded sharing and all my sources for primary data.

This is a dream project and I owe to my parents who always encouraged me to excel in academics. They would have been proud of this achievement. My dearest sister Nina who has always been my pole star in all my achievements and successes. This thesis is dedicated to them.
