

Acknowledgment

I wish to express my sincere gratitude to Dr. P.S.Rao Dean-Welingkar Institute of Management Development and Research for providing me with an opportunity to do my project work on “Brand Franchise in automobile industry”.

Formal words are left far behind while profoundly expressing my deep sense of sincere gratitude towards my project guide Dr. Sarika Kulkarni for her guidance, encouragement and valuable thought provoking suggestions all through the progress of the research work.

This project bears on imprint of many people. I wish to thank Ms. Shruti Mangaonkaar co-ordinator, Welingkar Institute for her co-operation.

This work would have never been possible without the co-operation of my in-laws and my husband Mr. Jagdish Merchant. I would specially thank my daughter Preksha for making it possible for me to complete my work on time.

Last but not the least I wish to take this opportunity to express a sense of gratitude and love to my friends for their manual support, strength, help and for everything.
