Acknowledgements

My thesis represents the combined effort of many people and it is my pleasure to acknowledge those involved, supported and stood by me all the long years of my study.

I offer my deep sense of gratitude to my guide Dr. Gayathri M Rao, Associate Professor, Dept. of Biochemistry, KMC, Mangalore, for her scholarly guidance, constant encouragement, tenacious supervision and timely support without which this study would not have been completed successfully. It was a great pleasure to work under her guidance.

Words may fall inadequate, to describe the expression of my humble thanks and deep sense of gratitude to my respected co-guide and mentor, Dr. Beena V Shetty, Professor, Dept. of Biochemistry, KMC, Mangalore, for her invaluable suggestions and intellectual discussions at each and every stage of my work. I am heartily thankful to my co-guide, whose encouragement, guidance and support steered me to my goal.

I extend my profound thanks and gratitude to Dr. Venkatrya Prabhu, Dean and Doctoral Advisory Committee Member, Kasturba Medical College, Mangalore and for all his invaluable help and suggestions at every stage of my work.

I owe my deepest gratitude to Dr. Vivian D’Souza, former Associate Dean KMC Mangalore and currently Dean, KIMS, Mangalore for all the expert advice and guidance rendered by him throughout my research period.

I am extremely grateful to Dr. Chakrapani, Associate Dean, KMC, for all timely help, valuable expert advice and suggestion and for being for the source of inspiration.

My sincere and heartfelt thanks to Dr. Poornima Manjrekar, Professor and Head, Dept. of Biochemistry, KMC, for their help and suggestions at every stage of my work.

My sincere thanks to Dr. Gopalkrishna Bhat, Additional professor and Research coordinator, Department of Microbiology, for making available his supports in many ways.

I wish to articulate my profound and unfeigned gratitude to Dr. Upadya, USA, for his distinctive assistance in Immunohistochemistry techniques, which is a part of my work. I am
extremely grateful to him for his timely help, valuable insights on the subject and for being the source of inspiration.

My sincere and heartfelt thanks to Dr. Rathnakar U P, Dr Srisha Kandige and Dr. Ganesh Kumar, KIMS for all expert advice and support throughout my research period.

I am immensely indebted to my teacher Dr. H N Gopalakrishna, Professor, Dept. of Pharmacology, A J Institute of Medical Sciences, Mangalore, for his meticulous guidance and inspiring suggestion and timely support.

I shall remain grateful to my teachers Dr. Ashok Shenoy, Dr. Sheetal D Ullal, Dr. Rajeswari Shetty, Dr. Sahana Rao and Dr. Preeti Pai, Dept. of Pharmacology, KMC, Mangalore.

My sincere thanks for the help provided by my fellow researchers Mr. Bheemesh Vangalapati, Mr. Amith Kumar, Mrs. Souprnika, Mr. Durga Rao, Mr. Jaseem, Mrs. Teressa Joy, Mrs. Saraswathi, Ms. Mitha and Ms Manindar Kaur.

I owe a debt of gratitude to my friends, Dr. Sudhanshu shekar Sahu, Pradeep H D, Mukund P S, Zahoor, Dr. Arjun Kumar Tallada, Dr. Sudarshan R, Dr. Raviteja, Dr. Avineesh Sadupatla, Dr. Suhas S, Mrs Ramya Kateel, Mrs Rakshita Maskeri and Mrs Habeeba for always being there for me through times good and bad. Thank you very much guys!

I am also very thankful to Dr. Harish Naik, Dr. floyed D’souza, Dr. Sham Kishora, Dr. Shameema Shahnaz and Dr. Srinidhi KIMS Manglore, for their inspiration and thought for writing.

It is a pleasure to thank all the technical staff members of the Dept. of Biochemistry and Anatomy, KMC, Mangalore for providing much needed help and assistance with laboratory work.

I am greatly obliged the technical staff members of Dept. of Biochemistry especially Mr. Ramesh K, Mr. Rajesh Shetty and Mrs Guna for the timely assistance.
My special thanks to Mrs Sheela, Mrs Nayana, Mrs. Usha, Mrs. Anita and Mrs. Kushala, Dept. of Anatomy, KMC, Mangalore, for being so very kind to me and rendering me a helpful hand in difficult times. I am highly indebted to you all.

I extended my thanks to animal house, KMC, Mangalore, supervisor Mrs Sobha and other staff members.

My sincere thanks to Dr. Asha Kamath, Associate Professor, Department of Community Medicine, Manipal, for suggesting and helping me in statistical analysis.

I express my deep gratitude to my mother Mrs. Padmavathi, my father Mr. Deva Reddy C, my brothers Mr and Mrs. Madhusudhan Reddy C, Mr and Mrs Thirumala Reddy my sisisters Miss Tejashwini, Miss Sindhuja, Miss Anusha and her brother Pandu and all my family members for their immense affection, invaluable moral support and unflinching encouragement during my entire thesis work.

My sincere thanks to Dr Geralyn pinto, Associate Professor and Head, Department of English, St. Agnes College, Mangalore, for proof reading of my thesis.

Above all, I am greatly obliged to the Manipal University, for allowing to register as PhD research scholar.

Sudarshan Reddy C
