ACKNOWLEDGEMENTS

To put an effort like this requires the determination and help of many people around me and I would not be doing justice to their efforts by not mentioning each helping hand in person.

I take this opportunity to express with pleasure my profound gratitude and grateful indebtedness to my guide, Dr. S. V. Joshi, for his immense interest and constant guidance throughout the course of the research programme. I consider myself fortunate to have been worked under his supervision. I owe a great deal to him for the knowledge I have gained over these years, which is going to be very useful in building my career.

I am deeply indebted to Dr. G. R. Gogate, who extended his helping hand at all the critical stages of this research work. I am very fortunate to have an association with such a visionary person, which made my Ph.D. work an enriching learning experience.

I feel privileged to acknowledge with deep sense of gratitude towards Dr. M. K. Nalawade for his valuable suggestion throughout my course of studies and help rendered to me for the completion of the work.

I am also grateful to Dr. S. Pavitran, Dr. K. Sundaram, Dr. A. Barai, Dr. A. Marathe, Dr. R. R. Kulkarni, Dr. S. B. Wadkar, Dr. S.Y. Bhave, Late Dr. S. R. Ghate, Dr. M. B. Choudhary and Prof. N. V. Sahasrabudhe for their suggestions during my progress seminars, which have helped me to a great extent in streamlining my research programme.

I would like to give sincere thanks to Dr. J. P. Shete, Prof. M. R. Khodke, Prof. S. S. Shinde, Prof. N. V. Satpute, Prof. M. R. Dhanvijay, Prof. D. B. Hulwan, Mr. Shantaram, Mr. Rakesh (Ashay measurements and controls Pvt. Ltd.) and Mr. Shailesh (Krishtech Instruments and Transducer) for providing valuable assistance during this research work.

I express my heartfelt gratitude to management and Dr. R. M. Jalanekar, Director, Vishwakarma Institute of Technology, Pune for their moral support. I also express my heartfelt gratitude to Prof. H. G. Phakatkar, Dean, and office staff for their kind cooperation.

I would like to give sincere thanks to the University of Pune, BCUD for providing the financial support to this research work.

I would like to thank all the staff members of Mechanical Engineering Department and my students for their helpful assistance during this work.

Last but not the least I would like to thank my family members and my friends. It would have not been possible to complete the report without their moral support, valuable comments and suggestions which motivated me towards work.
