ACKNOWLEDGEMENTS

Before I get into the proverbial ‘thick of things’, I would like to add a few heartfelt words for the people who were a part of this endeavor and provided unending support right from its commencement till its completion.

I would like to pay my heartiest gratitude to my paramount guide Prof. M.K. Seth for providing invaluable guidance, perennial inspiration and encouragement which helped in the completion in my research work. His ideas kept mesmerizing me throughout the life cycle of study. Thanks to him for his uncanny ability to spot errors at various stages of my research work. I am also thankful to him for allowing me to reproduce some photographs and portions of the text ‘in verbatim’ from his personal collection and publications. I shall remain indebted to him for his keen interest and constant encouragement.

I am obliged to the Chairman, Department of Bio-Sciences and other Staff Members of the Department for their cooperation, timely help, suggestions, and academic consultation in this regard. I am equally grateful to the Department of Forests, Department of Horticulture and Department of Economics and Statistics for their help and cooperation in the collection of working plans and data for my study.

There are times in study when the clock beats the time and one runs out of energy and just wants to finish it once and forever. At that time I required continuous encouragement from my family members. I take this opportunity to express my indebtedness to my elder brother Sh. H.M. Bhatia, IFS, Retd. (PCCF- Principal Chief Conservator of Forests). I am also thankful to Swaran Lata, Priya, Rakhi, Shruti, Poonam, Priti and Priti for their cooperation.

It would be ‘naive’ on my part if I do not thank the Government of H.P., the Department of Education of Himachal Pradesh for graciously allowing me study leave for this endeavor, lack of which it would not have even started what to talk of the culmination. My thanks are also due to the Principal and all the Staff Members of Govt. Post Graduate College, Bilaspur who lent me all possible help and encouraged me to complete my study.

My special thanks to Mr. Tilak Sharma for the cooperation rendered in typing of my thesis.

Last, but not the least, I am thankful to the Almighty for the successful completion of my research work.

(Mahender Kumar)
