CONTENTS

List of Tables .. i
List of Diagrams .. ii-iii
List of Symbols .. iv-vii
Acknowledgments .. viii

Chapter I
Introduction .. 1-6

Chapter II
Equations of motion and energetics for the perturbations 7-41

Chapter III
Eigen value problem for quasigeostrophic and primitive equation models .. 42-68

Chapter IV
Instability properties and associated characteristics of the disturbances with quasigeostrophic model .. 69-105

Chapter V
Instability properties and associated characteristics of the disturbances with primitive equation model .. 106-158

Chapter VI
Summary .. 159-164
References .. 165-170
