

## ACKNOWLEDGEMENTS

I extend my sincere thanks to

- The almighty God for giving me spiritual strength to render my PhD work into a reality.
- Dr. Amit Tripathi for all his patience, constant encouragement and friendly supervision throughout the course of my research work.
- Prof. DN Das, Rajiv Gandhi University, Itanagar for helping with the identification of fish specimens.
- Prof. Jharna Chakraborty, Department of Zoology, Rajiv Gandhi University for extending her invaluable advice and support whenever needed.
- Members of ‘Wildlife and Fish Parasitology Laboratory’, especially Dilip B. Chetry, and Leki Wangchu, for sharing their expertise and creating a pleasant environment to work in.
- The local fishermen of Arunachal Pradesh for helping with the collection of fish samples.
- My parents (Dobiam Yagam and Dobiam Tacho), family members (Dobiam Mania, Dobiam Tagam, Dobiam Kaya and Dobiam Boni), and friends (Tage Robin and Bengia Nachung) for their moral support, and
- The University Grant Commission, New Delhi ([39-603/2010 (SR)]) for providing financial support.
