

## ACKNOWLEDGEMENTS

*This thesis is the end of my journey in obtaining my Ph.D. I have not traveled alone in this journey. This thesis has been kept on track and been seen through to completion with the support and encouragement of numerous people including my colleagues, well-wishers, my friends, and various institutions. At the end of my thesis I would like to thank all those people who made this thesis possible and an unforgettable experience for me. At the end of my thesis, it is a pleasant task to express my thanks to all those who contributed in many ways to the success of this study and made it an unforgettable experience for me.*

*First and foremost I wish to thank my guide and advisor, Prof. Manjunath Ghate, Director of the Institute of Pharmacy, Nirma University, Ahmedabad. His mentorship was paramount in providing a well-rounded experience consistent my long-term career goals. He encouraged me to not only grow as an experimentalist and a chemist but also as an instructor and an independent thinker.*

*I take this opportunity to sincerely acknowledge the Council of Scientific and Industrial Research (CSIR), Government of India, New Delhi, for providing financial assistance in the form of Senior Research Fellowship which buttressed me to perform my work comfortably.*

*I thank my RPC members, Prof. C. J. Shishoo and Prof. Kamala Vasu for their helpful suggestions and comments during my progress report presentations.*

*Most of the results described in this thesis would not have been obtained without a close collaboration with few laboratories. I owe a great deal of appreciation and gratitude to Gerard Pujadas and their team (Andrea Ardid, María José Ojeda, Cristina Valls, Miquel Mulero, Santiago Garcia-Vallvé) Cheminformatics & Nutrition Research, Universitat Rovirai Virgili, Tarragona, Catalonia. My heartfelt thanks Dr. Rameshwar Jatwa, Assistant Professor (Senior Scale) School of Life Sciences, Devi Ahilya University for helping me to carry out part of my research work at his institute. My warmest appreciation is due to the Ph.D. students Mr. Anandkrishna Singh of that lab.*

*First and foremost, I would like to give my sincere thanks to, Dr. S. B. Bari, Dept. of Pharmaceutical Chemistry, H. R. Patel Institute of Pharmaceutical Education and Research for offering me his valuable advice, patiently supervising me and always guiding me in the right direction. I would like to give my sincere thanks to, Miss Priti Tidke, Dept. of Pharmacology, for support in understanding of pharmacological part of my research work,*

*I extend a special thanks to the entire Faculty members, non-teaching staff members for their kind help and co-operation. It would not be forgivable to forget the impeccable guidance & humble nature, ph.D Scholars and students of Nirma University who constantly supported me in my every needful moment. I am thankful them for their encouragement, support, advice & motivating criticism. The library facilities and computer facilities of the University have been indispensable.*

*I would also like to thank my parents and the whole family. They were always supporting me and encouraging me with their best wishes. Finally, I would like to thank my wife, Monika Jain. She was always there cheering me up and stood by me through the good times and bad. Thanks to Diya jain, the beloved daughter I could ever have, for her smiles encourage me to efficiently overcome the difficulties encountered in my work,*

*Besides this, several people have knowingly and unknowingly helped me in the successful completion of this project. I thank all those people...*

*Finally and most essentially humble solicitation to supreme power, The God, for giving me a chance to live and survive as human.*

*Thank you all.....!*

*Shailesh*
