

ACKNOWLEDGEMENTS

I wish to place on record, my deep felt gratitude and regards to Dr. B.S. Narasinga Rao, B.Sc.(Hons.), Ph.D., Deputy Director, National Institute of Nutrition, for his able guidance and timely help.

I am indebted to Dr. B. Sivakumar, Senior Research Officer, for his constant help and advice at all stages of the study.

I am extremely grateful to Dr. S.G. Srikantia, M.B.B.S., D.Sc., former Director, National Institute of Nutrition, and Dr. P.G. Tulpule, M.Sc., Ph.D., Director, National Institute of Nutrition, for their constant encouragement and keen interest in this study.

My thanks are due to Dr. K. Prema, Assistant Director, National Institute of Nutrition, for providing me the clinical material. I am also grateful to my colleagues and friends, Mr. E.P. Balakrishnan, Mr. K. Madhavan Nair, Mr. C. Vijaya Sarathy, Mr. S. Ranganathan and Mrs. K. Rajani Prasad for their informal discussions and help.

Finally, I am grateful to Indian Council of Medical Research for the award of fellowship for the past four years, which has enabled me to make both ends meet.
