

## ACKNOWLEDGEMENTS

It is my privilege to express my sincere thanks and gratitude to my Research Guide **Dr. Ch. Surekha**, Associate Professor, Department of Biochemistry, GIS, GITAM University, Visakhapatnam, for her invaluable guidance, unimpeachable inspiration, constructive editorial criticism and assistance in the preparation of this thesis.

My thanks are also due to **Prof. P. B. Kavi Kishore**, Department of Genetics, Osmania University, Hyderabad for gifting *Agrobacterium* strains for my research.

My special thanks to previous Head of the Department **Prof. I. Bhaskar Reddy** and present Head of the Department **Dr. M. Rama Rao** for providing me the necessary facilities and to carry out experiments in the laboratory during the course of my Ph.D work.

I thank all the faculty members **Dr. D. Govinda Rao**, **Dr. K. Vijaya Rachel**, **Dr. DSVGK. Kaladhar**, **Dr. P. Kiranmayi**, **Dr. N. Nageswara Rao Reddy**, **Mr. A. Krishna Chaitanya** for their constant support and valuable suggestions during my Ph.D work.

I would like to express my sincere thanks to my parents **L. Govinda Rajulu** and **L. Rajkumari** and in-laws **G. Rambabu** and **G. Padmavathi** for their enduring guidance and inspiration. I would like to thank my beloved husband **G. Satish Kumar** for his patience and encouragement during the course of this study.

I am also thankful to my colleagues **G. Suneetha**, **KGK. Deepak** and all other research scholars of Biochemistry for their extending help and moral support.

Finally, I acknowledge with thanks to non-teaching staff **Mr. P. Gurumurthy** and **Mr. P. Kataraju**.

I am thankful to GITAM University management for their assistance and support received during this course.
