

C O N T E N T S

	Page No.
1 Introduction	1 - 4
2 Review of Literature	
2.1 Studies on the annual variations in thyroid gland, ovary and liver of fish	
2.1.1 General aspects of fish thyroid	5 - 6
2.1.2 Thyroid cycle in relation to environmental changes	6 - 8
2.1.3 Thyroid cycle in relation to reproduction	8 - 10
2.1.4 Protein and carbohydrate metabolism during ovarian cycle	10 - 13
2.2 Effects of thyroid hormone on ovary and liver of fish	
2.2.1 Thyroid and reproduction... ..	13 - 16
2.2.2 Thyroid and metabolism	16 - 20
2.3 Influence of sex steroids on thyroid gland, ovary and liver of fish	
2.3.1 Role of sex steroids on thyroid activity	20 - 22
2.3.2 Sex steroids and reproduction	22 - 23
2.3.3 Sex steroids and protein and carbohydrate metabolism	23 - 25
3 Materials and Methods	
3.1 Animal	26 - 27
3.2 Collection, Acclimatization, Stocking and Maintaining of Fish	27
3.3 Histological techniques	
3.3.1 Evaluation of thyroid activity	28 - 29
3.3.2 Ova-diameter measurements	29
3.3.3 Evaluation of thyrotrops in the pituitary	29 - 30
3.4 Biochemical techniques	
3.4.1 Protein estimation from fish tissue	30 - 31
3.4.2 Glycogen estimation from fish tissue	31

	Page No.
3.4.3 Moisture estimation from fish tissue	32
3.5 Measurement of gonosomatic (GSI) and hepatosomatic indices (HSI)... ..	32
3.6 Method of hypophysectomy	32 - 33
3.7 Method of ovariectomy	33
3.8 Statistical analysis	34
3.9 Experimental studies	
3.9.1 Annual changes in thyroid gland in relation to ovary and liver of <u>H. fossilis</u>	34 - 35
3.9.2 Effects of thyroid hormone on ovary and liver of <u>H. fossilis</u>	35 - 37
3.9.3 Influence of sex steroids on thyroid gland, ovary and liver of <u>H. fossilis</u>	37 - 40
 4 Results	
4.1 Studies on the annual variations in thyroid gland, ovary and liver of <u>H. fossilis</u>	41 - 44
4.2 Effects of thyroid hormone on ovary and liver of <u>H. fossilis</u>	
4.2.1 Effects of thyroxine and thiourea on ovary and liver of intact fish	45 - 46
4.2.2 Effects of thyroxine, thiourea, SG-G100 and SG-G100 in combination with thyroxine on thyroid, ovary and liver of hypophysectomised fish	46 - 48
4.3 Influence of sex steroids on thyroid gland, ovary and liver of <u>H. fossilis</u>	
4.3.1 Effects of male sex steroids on thyroid gland, ovary and liver of fish	48 - 50
4.3.2 Effects of female sex steroids on thyroid gland, ovary and liver of fish	50 - 51
4.3.3 Effects of ovariectomy on thyroid and pituitary gland of fish	51 - 52

	Page No.
5 Discussion	
5.1 Studies on annual variations in thyroid gland, ovary and liver of <u>H. fossilis</u>	53 - 59
5.2 Effects of thyroid hormone on ovary and liver of <u>H. fossilis</u>	59 - 65
5.3 Influence of sex steroids on thyroid gland, ovary and liver of <u>H. fossilis</u>	65 - 72
6 Summary	
6.1 Studies on the annual variations in thyroid gland, ovary and liver of <u>H. fossilis</u>	73 - 74
6.2 Effects of thyroid hormone on ovary and liver of <u>H. fossilis</u>	74
6.3 Influence of sex steroids on thyroid gland, ovary and liver of <u>H. fossilis</u>	74 - 75
7 References	76 - 91
8 Appendix - Papers published
