

CHAPTER- II

**LIST OF
PUBLICATIONS**

List of publications

1. D. P. Singh, A. K. Pal and J. Singh (2007).
Elytrophalloides dasi n. sp. (Digenea: Hemiuridae) from a marine fish *Parastromateus niger* (Black Pomfret) from Bay of Bengal, Puri coast, Orissa. Jour. PAS, Vol. 13 (Ser. B), PP. 151-154.
2. A. K. Pal, D. P. Singh and J. Singh (2007). Study on a new digentic trematode of the family Hemiuridae from a marine fish of Puri coast, Orissa. Jour. PAS, Vol. 13 (Ser. B), PP. 155-157.
3. D. P. Singh, A. K. Pal and J. Singh (2007). Study on a new digenetic trematode, *Anahapladena argenteusi* n. g. n. sp. from a marine fish *Pomadasys argenteus* from Bay of Bengal Puri coast, (Orissa) India. Accepted in International Journal of Parasitology. (Australian Jour.)
4. A. K. Pal, D. P. Singh and J. Singh (2007). A new digenetic trematode *Epinephelus marini* n. g., n. sp. from a marine fish *Epinephelus malabaricus* (reef cod) from Bay of Bengal, Puri coast, Orissa. Accepted in International Journal of Parasitology. (Australian Jour.)

-
5. D. P. Singh, A. K. Pal and J. Singh (2007). A new digenetic trematode, *Anaacanthostomum nebulosusi* n. g., n. sp. from a marine fish *Lerhrinus nebulosus* from Golden Beach, Bay of Bengal, Puri coast, Orissa. Accepted in Journal of Experimental Zoology. (Muzaffernagar).
 6. A. K. Pal, D. P. Singh and J. Singh (2007). *Leiognathus bindusi* n. g., n. sp. (Digenea : Waretrematidae, Megasolinae) from a marine fish *Leiognathus bindus* from Bay of Bengal, Puri coast, Orissa. Accepted in Jour. of Experimental Zoology. (Muzaffernagar)
 7. D. P. Singh, A. K. Pal and J. Singh (2007). *Paraprosorhynchus choirocephalusi* n. g., n. sp. (Digenea: Bucephalidae, Paraprosorhynchinae) from a marine fish *Monacanthus choirocephalus* from Bay of Bengal, Puri coast, (Orissa) India. Accepted in Jour. of animal sciences (Muzaffernagar).
 8. A. K. Pal, D. P. Singh and J. Singh (2007). *Podocotyle singhi* n. sp. (Digenea : Opecoelidae Ozaki, 1925) from a marine fish *Lepturacanthus savala* from Bay of Bengal,

Puri coast, Orissa. Accepted in Jour. of animal sciences
(Muzaffernagar).

9. D. P. Singh, A. K. Pal and J. Singh (2007). Study on a new digenetic trematode of the family Hemiuridae from a marine fish of South-East coast of India. Accepted in Proc. Purv. Acad. Sci. Jaunpur.
10. A. K. Pal, D. P. Singh and J. Singh (2007). *Helicometrina tumbili* n. sp. (Digenea : Opecoelidae, Opecoelinae) from a marine fish *Saurida tumbil* (Bleek) from Bay of Bengal, Puri coast, Orissa. Accepted in Proc. Purv. Acad. Sci. Jaunpur.

Ms. Ref. No.: IJPara07_261

Title: A new digenetic trematode *Epinephalus marini* n. g., n. sp. from marine water fish *Epinephalus malabaricus* (reef cord) from Bay of Bengal, Puri Coast, Orissa, India.

International Journal for Parasitology

Dear Dr. Singh,

Your submission entitled "A new digenetic trematode *Epinephalus marini* n. g., n. sp. from marine water fish *Epinephalus malabaricus* (reef cord) from Bay of Bengal, Puri Coast, Orissa, India." has been assigned the following manuscript number: IJPara07_261.

You may check on the progress of your paper by logging on to the Elsevier Editorial System as an author. The URL is <http://ees.elsevier.com/ijpara/>.

Editorial Office

International Journal for Parasitology

Shri D P Singh,
Jaunpur

Sir,

I am pleased to inform you that your following two papers:

" A NEW DIGENETIC TREMATODE, ANACATHOSTOMUM NEBULOSUSI N.G.N.SP. FROM MARINE FISH LETHRINUS NEBULOSUS FROM GOLDEN BEACH BAY OF BENGAL, PURI COAST, ORISSA" by D. P. Singh and A. K. Pal, and

" LEIOGNATHUS BINDUSI N.G., N.SP. (DIGENEA : WARETREMATIDAE, MEGASOLINAE) FROM A MARINE FISH LEIOGNATHUS BINDUS FROM BAY OF BENGAL PURI COAST, ORISSA" by A. K. Pal and D. P. Singh

have been accepted for publication. Your paper will appear in Vol. 11, No. 1, January 2008.

You are requested to send us Rs. 3850/ towards the cost of reprints. The payment should be in favour of the Managing Editor, J. Exp. Zool. India payable at Muzaffarnagar.

thanks,

P R Yadav
Chief Editor
