FOR E W O R D

I take this opportunity to express my gratefulness to the persons and authorities who were helpful to me in carrying out this study and providing the most essential facilities.

First I thank Dr. Mrs. S. M. Vaccha, Ph.D., Research Associate, Burnside Research Laboratory, Public Health Laboratory, Poona 1, for giving me guidance and necessary help throughout the course of my work.

I am also thankful to Dr. P. D. Shave, M.B.B.S., D.T.B., D.P.H., F.C.C.S., Director of Public Health and to Dr. R. S. Shave, M.B.B.S., D.P.H., Assistant Director of Public Health In-Charge Public Health Laboratory for granting me permission to carry out the research work at the University Research Centre, Public Health Laboratory, Poona 1.

I owe a special debt of gratitude to Dr. A. K. Chattarjee, S.S.O.I., A.F.M.C., Poona, for helpful suggestions throughout the progress of work.

I thank also Mr. A. C. Lakhani, M.Sc. (E.C.), Miss S. Sayyad, M.Sc., and Miss L. Aleskar, B.Sc., for co-operation.
I am also indebted to few institutions like the National Chemical Laboratory, the Armed Forces Medical College, Department of Chemistry, University of Poona, the Heads of which have kindly availed me of the library facilities from time to time.

My thanks are due to Mr. K. C. Phadke for typing the thesis neatly and accurately.
