

ACKNOWLEDGEMENTS

I would like to thank the almighty for giving me this chance of doing research. I warmly remember my father who believed in education without whom I would not have come this far. I express my sincere gratitude to the **Dr. T. Banumathi**, Chancellor of St. Peter's University for extending all the laboratory facilities for this research. I thank **Dr. Francis C. Peter**, the Vice Chancellor, **Dr. M. A. Dorai Rangasamy**, the Registrar, **Dr. D. S. Ramachandra Murthy**, Director (R&D), and **Dr. S. Gunasekaran**, Dean (R&D) of St. Peter's University for their support. I am grateful to my supervisor, **Dr. P. Partheeban**, Head of the Department of Civil Engineering, St. Peter's College of Engineering and Technology for valuable and consistent guidance and support extended throughout this research.

I thank **Dr. V. B. M. Sayana**, Professor and Head and **Dr. P. Asha**, Professor, Department of Civil Engineering, St. Peter's University for all the valuable inputs during the progress of research. I am grateful to **Dr. M. Helen Shanthi** and **Dr. T. Felix Kala** for their guidance throughout this research. I owe my thanks to the management of **Tube Investments of India Limited**, Avadi, Chennai for using SEM and EDS facilities available in their Corporate Technology Centre.
