Acknowledgements . . . . .	iii
Declaration . . . . .	v
Certificate . . . . .	vi
Abstract . . . . .	vii
Table of Contents . . . . .	x
List of Tables . . . . .	xv
List of Figures . . . . .	xviii
<b>Chapter</b>	
1 Introduction . . . . .	1
1.1 Background and Motivation . . . . .	1
1.2 Objectives and Chapter Scheme . . . . .	4
1.3 Data and Methodology . . . . .	7
2 Energy Sector of India:	
Projections and Sustainability . . . . .	9
2.1 Introduction . . . . .	9
2.2 Economic Growth and its Energy Content . . . . .	9
2.3 Challenges Ahead . . . . .	14
2.4 In comparative perspective . . . . .	17
2.5 Access to Energy and Economic Disparity . . . . .	19
2.5.1 1947-1991: Rural Electrification . . . . .	19
2.5.2 Rural-urban divide & inter-state disparities . . . . .	21
2.5.3 Measuring Access to MES: Adjusting for Inequality . . . . .	26
2.6 Role of Renewable Sources in reducing Economic and Energy disparities	28
2.6.1 Local Level Initiatives in RETs . . . . .	34

2.7	Global Environment and Economy Tradeoffs . . . . .	36
2.7.1	Role of the International Community . . . . .	39
2.8	India's International Energy Outlook . . . . .	41
2.8.1	Myth and realities of India's growth and environmental issues viz. China . . . . .	41
2.8.2	Energy security: Equity oil, Pipelines and Nuclear Deal . . . . .	42
2.9	Conclusion . . . . .	47
3	Reforms and Reorganisation of Energy sector . . . . .	49
3.1	Introduction . . . . .	49
3.2	Coal sector . . . . .	51
3.2.1	Plight of Captive Coal Mining policy . . . . .	54
3.2.2	Demand supply gap . . . . .	55
3.3	Oil & Gas Sector . . . . .	57
3.3.1	Regulatory Trajectory . . . . .	57
3.3.2	Exploration and Production Sector . . . . .	59
3.3.3	Refinery Sector . . . . .	60
3.3.4	Retail Marketing Sector . . . . .	61
3.3.5	Gas Sector . . . . .	62
3.4	Electricity Sector . . . . .	64
3.4.1	Retreat of the States or Consolidation of the Centre in Power Sector . . . . .	66
3.5	Conclusion . . . . .	70
4	Power Sector Reforms of India under the Lens of Economic Theory . . . . .	72
4.1	Introduction . . . . .	72
4.2	Problems of Public Utilities . . . . .	76
4.3	Regulation . . . . .	78
4.4	Statutory Regulation by Independent Agencies . . . . .	83
4.4.1	Theories behind Evolution of Regulation . . . . .	83

4.4.2	Goals of Regulation . . . . .	84
4.4.3	Rate of Return Regulation (RORR) . . . . .	86
4.4.4	Price Cap Regulation . . . . .	88
4.4.5	Hybrid of the Two Methods: Incentive Regulation . . . . .	89
4.4.6	Performance Based Regulation (PBR) . . . . .	91
4.4.7	Yardstick Regulation . . . . .	93
4.5	Techno-Economic Characteristics of the Electricity Supply Industry (ESI) . . . . .	94
4.6	Models of Unbundling for ESI . . . . .	97
4.6.1	Competitive Bidding: . . . . .	97
4.6.2	Third Party Access (Wheeling) . . . . .	100
4.6.3	Pool Models . . . . .	102
4.6.4	Power Exchange Model . . . . .	103
4.6.5	Single Buyer Model . . . . .	105
4.7	Analysing Generation Reforms . . . . .	106
4.7.1	Availability Based Tariff . . . . .	109
4.8	Distribution Reforms:Unbundling of SEBs . . . . .	111
4.9	Co-ordination Problems . . . . .	114
4.10	Conclusion . . . . .	120
5	Modeling Bulk Market for Electricity in India . . . . .	121
5.1	Introduction . . . . .	121
5.2	Data . . . . .	122
5.2.1	Cost . . . . .	122
5.2.2	Demand . . . . .	124
5.3	The Model . . . . .	125
5.4	Result . . . . .	129
6	Demand Response in Indian Electricity Market . . . . .	133
6.1	Introduction . . . . .	133

6.2	Background of the Model . . . . .	137
6.3	The Model . . . . .	141
6.4	Data and Assumption . . . . .	145
6.5	Results . . . . .	148
	6.5.1 Spot Price and Regulated Retail Tariff . . . . .	151
	6.5.2 Impact on Generation . . . . .	152
6.6	Conclusion . . . . .	153
7	Capacity expansion Model . . . . .	155
	7.1 Background . . . . .	155
	7.2 Generation Planning in a Market Based model . . . . .	158
	7.2.1 Step 1: Determination of Peaking Capacity . . . . .	160
	7.2.2 Step 2: Determination of the Mid-Load Capacity . . . . .	161
	7.2.3 Step 3: Determination of the Base-Load Capacity . . . . .	162
	7.3 The Model . . . . .	163
	7.4 Data & Results . . . . .	165
	7.5 Conclusion . . . . .	168
8	International Experience in Spot Market:Implications for India . . . . .	169
	8.1 Generation Capacity Additions . . . . .	171
	8.1.1 Capacity Obligation Model . . . . .	173
	8.1.2 Administrative Capacity payment model . . . . .	174
	8.1.3 Other Market Based Instruments . . . . .	175
	8.2 Transmission . . . . .	177
	8.3 Retail Competition . . . . .	181
	8.4 Conclusion . . . . .	183
9	Conclusion . . . . .	184
	9.1 Broader canvas . . . . .	184
	9.2 Results from Modeling Exercise . . . . .	188
	9.3 International Experience . . . . .	191

Bibliography . . . . .	193
Appendices . . . . .	207
