ACKNOWLEDGEMENTS

It gives me immense pleasure to express my gratitude and respect for my teacher and Guide Dr. D. B. Bastawade for his guidance and inspiration throughout the tenure of my work. He is my source of inspiration both in field and laboratory, and entirely remained so up to the completion of this project. I am specially thankful and obliged to him for suggesting and allowing me to take up present topic of work on the species described by his beloved guide Dr. B. K. Tikader and himself.

I take this opportunity to express my gratitude to The Director, Zoological Survey of India for his permission to conduct this Ph.D. work and for the facilities being provided by him during the fellowship period. My deepest sense of gratitude towards Dr. Anil S. Mahabal Adl. Director, Zoological Survey of India, Western Region Station, Pune for his every support and encouragement during the present work and up to submission of this thesis.

In addition I would like to mention my sincere thanks to Drs. Pradhan, Sharma, Kamble, Kulkarni, Patil, Bhatanger research Scientists and administrative staff of ZSI for their constant support and help on various occasions and official procedures.

I am very much thankful to Dr. Saroj Ghaskadabi, Head of Zoology Department, Pune University for her encouragement during completion of the research work.

I express my thanks towards Mr. Takalkar, Mr. Pawaskar and Mr. Ganesh Karkar and staff of academic section, University of Pune for their administrate help during the period of research work.

I am grateful to concern authorities of University Grants Commission, New Delhi, Govt. of India, for providing me with financial assistance and study leave under teacher fellowship program.

It is my pleasure to acknowledge my indebtedness to Rayat Shikshan Sanstha, Satara. I am also grateful to Principal Dr. P. N. Mane for his kind help and guidance for getting me UGC teacher fellowship during 10th plan. I thank all office staff, S. M. Joshi College, Hadapsar, Pune and Mrs. S. S. Patil, Mahatma Phule Mahavidyalaya, Pimpri, Pune.
I would like to thank Dr. Avinash Pradhan, Head of Pathology Department, KEM Hospital and Dr. Khedakar, Joshi Hospital for their intellectual help for microphotography in the research work. I am also thankful to Mrs. Kulkarni, Mr. Shinde, SEM Section, Department of Physics, Pune University for their wholehearted support for SEM photography.

I could make extensive uses of library facilities of ZSI, Pune; University of Pune and Agharkar Institute. I am thankful to all the concern staff members of Pune University and Institutes.

My parents, Mrs. Satyawati Bhosale and Adv. T. R. Bhosale have always being greatest inspiration for me and I lack in words enough to express my feelings towards them. My special thanks to my brother Dhairyasheel Bhosale and Sisters Adv. Arti Jadhav and Dr. Anuradha Chavan who have given wholehearted support and encouragement in my entire research work. I specially mention the motivation given by my students for this research work.

I express my heartfelt thanks to my husband Mr. Suresh Karkar and my loving daughters Kshitija and Shalaka for their delightful company, patience for bearing all the inconvenience and support me during my research work.

I am thankful to Deepak Divate, Mr. Garde, ZSI, Pune and all those who have directly and indirectly helped me in completing the present study.
