

ACKNOWLEDGEMENT

In the name of Allah, the most gracious and the most merciful, all praises to Allah for the strengths and his blessing in completing this thesis.

It gives me great pleasure to express my profound gratitude to my supervisor Prof. Faizan Ahmad, F.N.A, F.N.A.Sc., for providing me invaluable guidance and encouragement during the course of this work. He was always there to listen to my rants and raves, and help to find solutions for problems. Throughout this carrier, it was an enjoyable and continuously evolving learning experience for me. He has been a source of immense strength and inspiration and gave me confidence to think about the future. I would like to thank you for encouraging my research and for allowing me to grow as a research scientist. Your advice on both research as well as on my career have been priceless.

I would like to owe my deep sense of gratitude to my Co-Supervisor, Dr. Imtaiyaz Hassan for inculcating the interest in research at the beginning of my carrier besides, the discussions we had, precious advices and timely inspirations and after all for being always there whenever needed.

I would also like to thank Dr. Asimul Islam for valuable suggestions. He was available all the time for providing me necessary facilities to carry out my research.

I am glad to acknowledge Dr. J. K. Batra, NII, New Delhi for providing us lab facilities for protein purification. I would like to express my appreciation to Professor Rajiv Bhatt, JNU, New Delhi for allowing us to carry out DSC experiment in his lab.

I also want to express my acknowledgement to the Director CIRBSc, Professor Zubaida Ansari and directors who previously held this post esp. Professor Pankaj Sharan for providing us the infrastructure to carry out our research smoothly. I cannot forget to thanks our faculty member especially Dr S. N. Kazim for all the help provided during my research. My acknowledgement also goes to all the technicians and office staffs of CIRBSc especially Atiullah bhai, Rustam bhai, Mukesh bhai, Tufail and Imran.

I am very much indebted to my senior, Dr. Shah Ubaid-ullah for their help in learning the techniques and handling instruments at the beginning. Their love and the helping hands they extended to me not only professionally but also in personal sphere will be remembered forever. Special thanks to Dr. Sobia Zaidi for her direct involvement in my research work.

It will be incomplete without mentioning the names of Dr. Shafiqur Rahman, Dr. Tabish Rahaman, Dr. Syed Ikramul Hasan, Dr. Sheeza Khan and Dr. Khalid. I know of no words to acknowledge their co-operation and help. I cherished their accompany till they left the lab.

I enjoyed the company of my friends Ilyas, Shabab and Moin with whom I shared the everyday agonies and ecstasies of the research work. I am equally grateful to my Lab mates Aushaf Bhai, Dr. Amresh, Dr. Saurabh Dr. Sunaina and Dr. Vijay, Pervez, Huma, Farha, Sumra, Danish, Waheed, Abdullah, Asif, Shagufta, Khalida, Shama, Amir, Munazza, Shahzeb, Abu Hamza, Zahoor, Neha and Bushra for their co-operation and good company. I would also like to thanks people from other labs of JMI for their cooperation esp. Dr. Sabih, Dr. Zaheen, Dr. Musarrat, Dr. Arif, Mudassir and Dr. Bilal. I also want to thank Dr. Santosh and Dr. Ala from NII and Fatima from JNU for helping me in carrying out experiments in their respective labs. And though I do not mention them by name I always thank all my friends in Jamia and those with whom I stayed all till now.

Words cannot truly express my deepest gratitude and appreciation for parents, my brothers and sisters for supporting me spiritually throughout my research and my life in general. They have always been a constant source of inspiration and encouragement for me throughout my entire carrier.

Last but not the least, I would like to thank UGC for providing financial support (JRF & SRF) throughout my research.
