Acknowledgment

“Lord your care has made me great
And your power has kept me safe”

After a great success it will be less to say anything to those people who are behind the success, as there is no other way to express one’s feelings of love and gratitude to those people, I take privilege to acknowledge all those who helped me in completion of the work. I want to acknowledge those peoples without whose presence this research work would be a mere dream for me. I take this golden opportunity to express my heartfelt thanks to all those who have contributed directly or indirectly to the success of this Ph.D work.

First and foremost, I would like to thank my supervisor Professor (Retd.) Biswanath Dinda, Department of Chemistry, Tripura University for his supervision, encouragement, support, helpful suggestions, valuable discussion and advice during my Ph.D studies. I took advantage of the occasion he gave me to work his untiring and dynamic supervision to learn a great amount during this time. I have enjoyed the stimulating and pleasant atmosphere in his research group. I would like to say that I feel lucky of being a student of him, because I have learned not only knowledge but also gained a lot of enthusiasm for scientific research.

I also express my respect and gratitude to Dr. S. Roy, Director, IICB, Kolkata and Prof. Y. Harigaya, School of Pharmaceutical Sciences, Kitasato University, Japan for providing NMR (1D and 2D) and Mass spectral analysis of isolated compounds.

I would like to thank Prof. R. K. Nath, Head, Deptt. of Chemistry, Tripura University for providing instrumental, laboratory facilities for smoothly conducting my Ph.D work and also constant inspiration.

I would also like to thank Prof. M. K. Singh, Prof. D. Sinha, Dr. R.N.D. Purkayastha, Assoc. Professor; Dr. S. Majumder, Assoc. Professor; Dr. S. Chowdhuri, Lecturer, Dr. U.C. De, Lecturer of Deptt. Of Chemistry, Tripura University , Prof. D. Ghosh, Department of Life Science, Tripura University and Dr. Sudipta Pal, Asstt.
Professor of Department of Human Physiology, Tripura University, for their co-operation and suggestion throughout the Ph.D work. Further, I also thankful to all non-teaching staff of Chemistry Department, Tripura University, for their co-operation during the progress of Ph.D work.

I am grateful to Chief Librarian and all the staffs’ of Digital Library, Jadavpur University, Kolkata, for providing Sci-finder facilities and also for access of various Journals and Books at their library.

I am thankful to Dr. Arup Roy, Post-doctoral Fellow, National Chemical Laboratory, Pune and Mr. Goutam Kulsi, SRF, IICB, Kolkata for providing NMR and Mass spectral data of isolated few compounds and few research papers.

I am deeply thankful to Prof. B. K. Datta, Department of Botany, Tripura University for identification and authentication of the plant materials.

I offer my cordial thanks to Mr. Manash Chandra Das, Lecturer, Department of Medical Lab Technology, Women’s Polytechnic Institute, Hapania, West Tripura and Dr. Debasish Maity, Department of Human Physiology, Tripura University for pharmacological studies of few compounds and also crude extract.

I wish to thank my laboratory mates Mr. Debasish Roychowdhury, Dr. Biplab Ghosh and Dr. Bikash Chandra Mohanta for their great responsibility, valuable suggestion and endless support, when I began as newcomer in the laboratory.

It is of great pleasure as I take this opportunity to acknowledge the whole hearted support of my teachers, my batch mates, seniors and juniors research scholars of Tripura University during my Ph.D work.

I am very much thankful to my past and present colleague Dr. Amitabha Saha, Asstt. Professor; Dr. Sabita Saha, Asstt. Professor; Dr. Biplab Ghosh, Asstt. Professor and Dr. Abhijit Bhattacharjee, Asstt. Professor of Department of Chemistry, N.S. Mahavidyalaya, Udaipur, for their support, advice and valuable help.

I articulate gratefulness to the Director of Higher Education, Govt. of Tripura and Dr. Sanjoy Roy, Principal, N.S. Mahavidyalaya, Udaipur for their kind help for completing the formalities.

I express my heartfelt thanks to Mr. Sanjiv Chowdhury, Asstt. Professor, R.K.Mahavidyalaya, Kalyasahar; Dr. Subhajit Dinda, Asstt. Professor, DDM College,
THESIS

ACKNOWLEDGMENT

Khowai; Dr. Sudhan Debnath, Asstt. Professor; Mr. Kalipadha Adhikari, Asstt. Professor, M.B.B.College, Agartala; Dr. Santanu Majumder, Asstt. Professor, ICV College, Belonia; Mr. Amitabha Sharma, Mr. Partha Sarathi Ghosh, Mrs. Rajarshi Banik, Mr. Indrajit Shilsharma, Mr. Jayanta Roy, Mr. Ranjit Ghosh, Mrs. Jayasree Nath, Mrs. Banti ganguly, Mr. Th. Charenjeet Singh, Miss Indra Ghosh, Mrs. Smita Majumder, Mr. Mithun Chakraborty, Miss Jhinuk De and all other research scholars of Department of Chemistry, Tripura University; Mr. Asish Kumar Singh, Mr. Bashkar Battacharjee and Mrs. Chatali Sarkar, Research Scholar, Department of Life Science, Tripura University; Dr. Anupam Guha, Asstt. Professor; Dr. Sikha Banik, Asstt. Professor; Mr. Dipankar Deb, Asstt. Professor, Mr. Jaydeep Talapatra and all other faculty members and non-teaching staffs of N.S.Mahavidyalaya, Udaipur; friends and well wishers for their valuable suggestions, encouragements, co-operations in various stages of my Ph.D work and sincere help in publishing the thesis.

I also express my heartiest thanks and gratitude to Mr. Prasenta Kumar Deb, Department of Pharmacy and Prasenjit Rudra Paul, JRF, Department of Chemistry, Tripura University, for their unconditional support during the Ph.D work.

I also wish to express my deep sense of regards to my parents for their blessings, inspiration, love and affection. Word is not enough to express my gratefulness to my loving mother. Their blessings have helped me in reaching this goal. Last but not least, I would also like to express my deep sense of affection to my life partner, my wife Anamika for her unconditional love and constant support. My heartfelt thanks and gratitude to my loving Mother and wife for their endless support.

Above all I humbly submit this work into the hands of Swaraswati, whose blessings have led me to the actualization of the work of this magnitude. I render my thanks praises glorifies the God who is always been source of strength, knowledge and inspiration without whose grace would have not been possible.

(Niranjan Das)
