

## LIST OF TABLES

Table 2.1: Classification of cooling systems .....	4
Table 2.2: Jet classification criterion .....	20
Table 2.3 : Inclined jet review .....	28
Table 2.4 : Range of experiments .....	32
Table 3.1 : $\pi$ Terms obtained by dimensional analysis.....	44
Table 3.2 : Range of dimensional numbers Br and Ec .....	45
Table 4.1 : Specifications of items used in experimental setup.....	55
Table 5.1 : Constants a, b, c in developed equation.....	65
Table 5.2 : Constants a and b for equation developed for $Nu_{max}$ .....	78
Table 5.3 : Constants for equation suggested .....	78
Table 6.1 : Result Summary for optimization methods used.....	106
