ACKNOWLEDGEMENT

This moment of completion of my thesis work has been the most cherished and anticipated milestone on the odyssey of Ph.D. I would like to take a moment to thank almighty for his blessings and also for imbibing in me the courage and determination to hold on in testing times, thereby paving out a way through all challenges and tribulations.

The bright luminance of my mentor and supervisor Prof. Sanjay Chhibber has always steered me in the right direction. I can’t thank him enough for his sheer brilliant mentorship and aptitude for excellence, which inspired me to pursue my Ph.D. with utter perseverance and produce quality work. His knack of versatile guidance and critical appreciation had at times made solving difficult problems a walk in the park. All along my research, his novel ideas, enthusiasm, inspiration, encouragement and faith in my ability proved to be a boon. He made sure that he was easily reachable and never hesitated to help in time of need. I am also grateful to him for endowing on me the valuable knowledge from his past research experience, which proved helpful on numerous occasions. Prof. Sanjay Chhibber is a perfect example of an adept teacher who understands his students and can go to any lengths to make them succeed in their endeavor.

I would also like to express my gratitude to my co-supervisor Prof. Kusum Harjai whose inspiring encouragement, keen interest and constructive ideas have helped me immensely during the course of my thesis completion. I feel privileged to have the opportunity to work under her guidance. Her presence made me feel more connected and confident towards my work. I express my deep sense of respect for her.

I am very thankful to the chairperson, Prof. Praveen Rishi, for providing me all the necessary facilities, which inculcated the impetus for my research work. I express my sincere thanks to the ex-chairpersons, Prof. Prince Sharma and Prof. Vijay Prabha for providing their co-operation and support whenever required. I would also like to extend my gratitude to the entire teaching staff for the instantaneous help that was rendered when required.

I am very thankful to University Grants Commission (UGC) for providing me financial support all through.

The non-teaching staff of Microbiology department Mr. Pradeep Arora, Mr. Ramesh, Mr. Mohan Singh, Mr. Banwari Lal, Mr. Veer Singh, Mr. Ajay Singh, Mr. Anil Verma and Mr. Satyavaan did their best to cooperate and help me whenever their services were required. There selfless aids are a major contribution to my work and I would like to thank them from the bottom of my heart.

My seniors Dr. Vivek Verma, Dr. Riti Tandon, Dr. Antar Virk Manhas and Dr. Richa Mahajan played a vital role in suggesting me ways to get my work done. Without them the trajectory to get the work done would have been much more strenuous and difficult.

My friends Dr. Saloni, Dr. Shurti Bansal, Sandeep Kaur, Dr. Chetna Janveja, Dr. Neetika Trivedi, Neha Sabharwal, Hina Saini, Anitha V., Nisha, Nidhi Bhargava, Gaurav Rose and Vijaya are the real chill pills. I needed them the most during times of intense stress and tension, they unfailing did their best to assuage and pacify me.

I cannot forget to thank Monika, Ravinder, Parul, Kapil, Ashutosh, Jasjeet, Kshitij, Vijay, Sukhmandir, Deepika, Tarsem, Paridhi, Jasreen and Ashu Shukla for always abetting me and providing a never ending stock of laughter to keep the lab environment light and jovial.

I owe a sincere thanks to Dr. Praveen Kwatra, Talwar Sir, Hitesh Mishra and Archana Nelliot who always encouraged and motivated me during tough times. Without their constant support this journey would have been impossible.
I owe my loving thanks to my husband Mr. Manav Kundra, for his endless patience and encouragement when it was most required. He fully supported me for every trial that came my way with utter patience and support. Without his selfless love and sacrifices this thesis would not have been possible.

My parents Late. Sh. Raj Kumar Chopra and Ms. Sneh Chopra have been a major influence in all my successes. I would like to say a big thank you to them for the values and principles they have taught me. I really miss my father at this moment who always dreamt about my thesis completion. I Love you papa, Miss you a lot and thank you so much for letting me follow my dreams. You will remain in my heart forever and I always seek for your blessings. Thank you bhaiya, bhabhi and Aanya for their cheerful presence.

Last but not the least, I would like to thank my mother-in-law Ms. Kiran Kundra for her constant encouragement and treating me like her own daughter always. I am so lucky to have you as my ‘mummy’. Thank you so much my kiddo, sweet little sister-in-law Dr. Ekta Kundra who always tried to cheer me up during tough times and whose company made me forget all the difficulties I faced during this journey. Also, I would like to mention the names of my sweet little dogs Scotch and Milo for their cute gestures which made me forget all my worries.

All may not be mentioned but no is forgotten.

Thank you everyone.

(Shivani)
