ACKNOWLEDGEMENT

I wish to express my profound gratitude to Professor (Dr.) H. P. Sinha, Additional Director & Head, Department of Electronics and Communication Engineering, MMEC, M.M. University, Mullana for his gracious guidance and for inspiring me towards completing this thesis. It is also my pride privilege to acknowledge my deep sense of gratitude to Dr. Dushyant Gupta, Professor, Electronics and Communication Engineering, Guru Jambheshwar University of Science and Technology, Hisar for rendering his valuable and constant guidance to me during the progress of this research work. I am really grateful to him for the impact of his genius and his instinct vision to simplify the problems and also for motivating me during my research. My supervisors have always been a great source of inspiration to me and I would ever be immensely grateful to them for their research guidance to me.

I would be failing in my duties if I do not express my sincere thanks to the Hon’ble Chancellor, Sh. Tarsem Garg, for facilitating me to carry out my Ph.D. research at the M. M. University, Mullana.

Last but not the least, I would like to express my collective and individual acknowledgments to my parent institute, Baddi University of Emerging Sciences and Technology, Baddi, and my colleagues whose support and presence has always been perpetually refreshing, helpful, and memorable.

Finally, I owe my thanks to my parents and other family members, especially my wife, Arti and my children, Tanish and Nipeksha for their encouragement and moral support during the course of this research work.

(VINAY BHATIA)
