ACKNOWLEDGEMENTS

A thesis completion necessitates the recognition of the hands and minds behind the successful journey. The culmination of my Ph.D. thesis is majorly a result of the backing, endorsing and inspiration of diverse people, my well-wishers, institutions and my colleagues.

Firstly, it is my immense pleasure to express my sincere thanks and a deep sense of gratitude to my beloved guide Dr. B Ramachandra without his constant guidance and encouragement this work would not have been possible. He has been my guide from the problem formulation stage right till the final write-up. I really appreciate the enormous time, thought and hard work that he has put in towards my thesis.

I am also extremely indebted to Dr. H S Nagendra Swamy, Associate Professor, Department of Computer Science, University of Mysore, Mysuru for his guidance and motivation towards my life and towards choosing this problem. I express my sincere thanks to him for being associated with me and helping in developing an analytical approach towards life.

I thank Dr. H D Chowdaiah, President, People Educational Trust, Mandya; Dr. V Sridhar, Principal, PESCE, Mandya and Dr. Ajit Prasad, Dean-Research, PET Research Center, Mandya for being a source of encouragement throughout my research and study tenure.

I take this opportunity to acknowledge the doctoral advisory committee members, Dr. P S Puttaswamy, Professor, Department of E&E, PESCE, Mandya; Dr. H S Sheshadri, Professor, Department of E&C, PESCE, Mandya and Dr. K R Radha Krishna Rao, Professor, Department of E&C, PESCE, Mandya for giving their endless support, encouragement and active participation in giving me inputs progressively.

My deepest courtesy to Dr. Kavitha B, Onco Pathologist, Bharath Hospital & Institute of Oncology, Mysuru for sharing her suggestion pertaining to breast cancer and provided the inputs whenever I needed.
I extend my token of gratitude towards Dr. M C Padma, Professor, Department of CS&E, PESCE, Mandya and Dr. R Girisha, Professor, Department of CS&E, PESCE, Mandya for being a source of support and motivation from the beginning.

Much of my thesis work would have been incomplete if it wasn’t for the assistance of the academic and technical staff at PES College of Engineering, Mandya.

I thank the Management, Principal and faculty members of P E S College of Engineering, Mandya for their co-operation and constant support.

I thank my parents, Smt. G R Prema & Sri. K Ramu; aunty, Smt. R Saraswathy; brother, Sri. Sunil D R and all my well-wishers for their moral support during this period.

I’m grateful to my wife, Kruthi S and daughters, Ms. Vanisha U & Ms. Taneesha U for the support extended in preparing this thesis, encouraging and motivating me at crucial junctures in completing the dissertation.

I wish to recollect the blessings rendered by the almighty god for instilling strength and confidence for me to complete my Ph.D. successfully without any hurdles.

I would like to thank each and every person who has supported me directly or indirectly in completing my research work.
