#### WEBSITES RELATED TO INTEGRATED COASTAL AREA MANAGEMENT

[www.coastalmanagement.com](http://www.coastalmanagement.com) This website contains a considerable amount of information and links about coastal management.

[www.globaloceans.org](http://www.globaloceans.org) A website on oceans, coasts and islands, which includes a separate link to a website with special focus on integrated coastal area management.

[www.ioc.unesco.org/icam](http://www.ioc.unesco.org/icam) UNESCO website on integrated coastal area management. It contains information on integrated coastal area management, which include guidelines and links.

[www.coastalzone.net](http://www.coastalzone.net) This web-site provides basic on-line resources on environmental management approaches applied to the coastal zone, such as coastal zone management and catchment/watershed management. Coastalzone.net is administered by Pedro Fidelman, University of Wollongong, Australia.

[www.riverbasin.org](http://www.riverbasin.org) The River Basin Initiative is a joint initiative between the UN Convention on Biological Diversity (CBD) and The Ramsar Convention on Wetlands with the overall goal to create a network for sharing information and experiences on the principles in integrated management of biodiversity, wetlands and river basins. Riverbasin.org is managed by Global Environment Centre ([www.gecnet.info](http://www.gecnet.info)).
