ACKNOWLEDGEMENTS

The work of writing a dissertation takes much time, effort, and commitment, and this dissertation was no exception. Along the way there have been many unexpected obstacles and setbacks. Data collection and analysis were more tedious than any other step and kept me oscillating between various possibilities and eventually questioning various issues. With each passing script new ideas came up, with each forcing me to put in double the effort, get back to my thought processor and search for something helpful.

This work would not have been complete without the help of so many people.

First of all, I would like to thank my supervisor, Dr. Shruti Sircar for guiding me through this tedious task. Thank you Ma’am for your tireless explanations. It helped me a lot. Your detailed feedback and insightful comments on all my papers helped me in thinking and striving hard to complete it. Thanks to my advisory panel, Dr. Sachi Madhavan and Dr. Geetha Durairajan. More than thanks to Lina Ma’am, Malathy Ma’am and Anand Sir for constantly inspiring me to finish my work. Thank you Dr. Paul and Dr. Prahlad for helping me with the title approval. Thank you Ms. Pallavi and Mr. Khalesh for being helpful with all the ELE departmental work. I would also like to thank the ELE department and the library staff in particular for helping me with all my work.

Without the participation of students, this project would not have succeeded. I thank the Class IX students and teachers of Kendriya Vidyalaya, Hyderabad, proficiency course students and the research scholars of EFL University for participating in my study. Also thanks to the principal of Kendriya Vidyalaya for giving me the permission to collect data.
Finally, a big THANK YOU goes to my family for their support and for their patience. They taught me that everything is a learning experience and I should just keep moving forward because I will learn something valuable no matter what the results are. And thus, I dedicate my dissertation to my parents with my deepest gratitude. A big thank you to Bhai, Indu and my nephew, Karthik.

A mere thank you would not suffice all the help that I have received from my friends. Still, thank you all my friends (Bala, Monal, Vidya, Nissa, Kabita, Anju Ba, Mili, Sujata and Pooja). Thanks also for being such good company and for the endless support. Thank you Jai Sir, Dhammam, Suman, Vijaykumar and Sudershan. Also thanks to hostel office (Archana and Valli Ma’am), mess workers, Sai Xerox and Sagar Bhaiya for all the help.

Thank you Suchi and Monal for doing the tedious proof-reading job and for all the fruitful and ‘fruitless’ academic discussions. Thank you Suchi for editing and for being a great friend.

Thanks to anyone and everyone whom I have forgotten to mention here and who have helped me and all the people who wished to help me but could not.
