[320x578]Abstract x 

**Chapter One: Cognitive Processing and Tasks**

1.0 Introduction 1  
1.1 Approaches to task-based research 2  
1.1.1 The psycholinguistic approach 3  
1.1.2 The sociolinguistic approach 3  
1.1.3 The structured-focused approach 4 
1.1.4 The cognitive approach 4  
1.2 Theory of Information Processing 5  
1.2.1 Perception 5  
1.2.2 Memory 7  
1.2.3 Attention 11  
1.2.4 Problem solving 18 
1.3 Tasks and language development 21 
1.4 Task sequencing 23 

**Chapter Two: Task Complexity and Linguistic Performance: Models, Features and Assessment Measures**

2.0 Introduction 28  
2.1 Models of task complexity 29  
2.1.1 Limited attentional capacity model 30  
2.1.2 Skehan’s model of task difficulty/complexity 33  
2.2 The *Cognition Hypothesis* 36  
2.2.1 Robinson’s view on attention and language learning 37
2.2.2  Theory of multiple resources of attention and interference 39
2.2.3  Task features 40
2.3  Measures of linguistic performance 47
  2.3.1  Accuracy 49
  2.3.2  Syntactic complexity 51
  2.3.3  Lexical complexity 53
  2.3.4  Global versus specific measures of task performance 55
2.4  Studies on task complexity 57
  2.4.1  Resource directedness 57
  2.4.2  Resource-dispersion 63
  2.4.3  Proficiency 69
2.5  The study 74

Chapter Three: Design and Methodology

3.0  Introduction 76
3.1  Design 77
  3.1.1  Design of Study 1 77
  3.1.2  Design of Study 2 78
3.2  Measures of writing performance 79
  3.2.1  Accuracy 80
  3.2.2  Syntactic complexity 80
  3.2.3  Syntactic variety 81
  3.2.4  Lexical density 82
  3.2.5  Lexical variety 83
  3.2.6  Reference markers 83
  3.2.7  Linkers 84
  3.2.8  Coherence 84
3.3  Hypotheses 85
3.4  Participants 89
3.5  Proficiency test 89
3.6  Elicitation tasks and tests 90
5.3.2 Descriptive Statistics 140
5.4 Results of Study 2C: Task difficulty, ± complex, and ±pre-tasks 148
  5.4.1 Task difficulty in ±complex tasks 149
  5.4.2 Correlation between task difficulty and ± complex tasks 150
  5.4.3 Task difficulty in ±pre-tasks 152
  5.4.4 Correlation between task difficulty and ±pre-tasks 154
5.5 Overall Summary of Study 2 findings 156

Chapter Six: Summary of Findings, Discussions and Implications

6.0 Introduction 159
6.1 Task complexity and second language writing: the debate 160
6.2 Empirically investigating effects of cognitive task complexity and interaction 164
6.3 Results and discussion 165
  6.3.1 Study 1: [-complex] and [+complex] tasks 165
  6.3.2 Study 2A: Proficiency and ±complex tasks 168
  6.3.3 Study 2B: Interaction of ±complex and ±pre-task 173
6.4 Task difficulty and task complexity 178
  6.4.1 ±complex tasks 178
  6.4.2 ±Pre-tasks with [+complex] tasks 179
6.5 Critique of the measures used in the study 181
6.6 Implications for task-based research and teaching 186
  6.6.1 Task complexity and interlanguage development 186
  6.6.2 Implications for task sequencing 188
  6.6.3 Implications for writing assessment 189
  6.6.4 Implications for teaching of writing 190
6.7 Limitations of the study and future research 191
6.8 Concluding remarks 193

Appendices 196-229
