

LIST OF PLATES

Plate No.	Particulars	After page
1.	Radiograph showing cystic calculi in the urinary bladder	72
2.	Posture acquired in dysuria in partial urethral obstruction	72
3.	Posture of dog showing attempt of urination	76
4.	Ultrasonogram showing the site of obstruction behind the os penis	76
5.	Plate showing emptying of urinary bladder	77
6.	Radiograph showing presence of urinary calculi behind the post ischeal arch	77
7.	Ultrasonogram showing the site of obstruction behind the os penis	77
7.1	Skin incision in male dog	78
8.	Passing of polyvinyl chloride catheter in urethra	78
9.	Plate showing removal of calculi from urethra	78
10.	Calculi recovered from urethra	78
11.	Radiograph showing the presence of cystic calculi	79
12.	Linea alba incision	79
13.	Opening of abdomen	79
14.	Exteriorization of distended urinary bladder	79
15.	Cystic calculi in the urinary bladder	79
16.	Showing calculi recovered from urinary bladder	79
17.	Showing repair of urinary bladder	79
18.	Showing closure of surgical wound of abdomen	80
19.	Showing struvite crystals in urine	94
20.	Showing struvite crystals in urine	94

Contd

Plate No.	Particulars	After page
21.	Showing struvite crystals in urine	94
22.	Showing struvite crystals in urine	94
23.	Calculi recovered from urethra and urinary bladder	95
24.	X ray defractogram of urinary calculi	103
25.	X ray defractogram of urinary calculi	103
26.	X ray defractogram of urinary calculi	104
27.	X ray defractogram of urinary calculi	104
28.	X ray defractogram of urinary calculi	106
29.	X ray defractogram of urinary calculi	106
30.	X ray defractogram of urinary calculi	106
31.	X ray defractogram of urinary calculi	106
32.	X ray defractogram of urinary calculi	106
33.	X ray defractogram of urinary calculi	106
34.	Radiograph showing cystic calculi in the urinary bladder	107
35.	Radiograph showing presence of urinary calculi behind the os penis	107
36.	Ultrasonogram of a dog showing calculi in kidney	108
37.	Ultrasonogram of a dog showing cystic calculi	108
