APPENDIX-F: VALIDATION TEST CERTIFICATE

Varroc Engineering Pvt. Ltd.

Date: 26/12/2012

To,

Mr. R. S. Pawar,
Hi-Tech Institute of Technology,
Bajaj Nagar, Aurangabad.

Subject: Regarding the test results of Electro Discharge Coating on anvil of upsetting machine.

With reference to above subject, Electro Discharge Coating done by you on the flat surface of anvil of the upsetting machine was found successful. The results after coating & before coating are as follows:

<table>
<thead>
<tr>
<th>Sr. No.</th>
<th>Quantity of Valves upsetted with the anvil</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Before Coating</td>
</tr>
<tr>
<td>1</td>
<td>60</td>
</tr>
</tbody>
</table>

Note: The above result is for only one position of the anvil.
