ACKNOWLEDGEMENTS

First and foremost, I would like to express my deep and sincere gratitude to my supervisor, Dr. P. Mohamed Shafi, Professor, Department of Chemistry, University of Calicut. He has provided constant support, encouragement, guidance, advice, and care, throughout my research period. I am fortunate to have an opportunity to work under his supervision and I thank him for giving me the confidence to finish this thesis.

I wish to place on record my gratitude to Prof. V. M. Abdul Mujeeb, Head, Department of Chemistry for his support. I also thank the members of the Chemistry faculty, Prof. M. P. Kannan, Prof. K. K. Aravindakshan, Prof. K.Krishnankutty, Dr. P.Raveendran, Prof. T. Gangadevi, Prof. E. Purushothaman, Dr. Abraham Joseph, Dr. D. Bahulayan, Dr. N. K. Renuka, Dr. M. T. Ramesan and Dr. Pradeepan Periyatt for their support.

I wish to thank Dr. Yusuf, Department of Botany, University of Calicut, for his help to carry out the germination studies.

I wish to thank Dr. A.K. Pradeep, Department of Botany, University of Calicut, for the identification of plants.

I thank Dr.Leopold Jirovetz, Dr. Samir A Ross, Dr Aldo Tava and Dr.Ruby John Anto for the spectral analysis and anticancer studies.

I thank all the non-teaching staff for their and co-operation.It is my pleasure to thank all my friends and research scholars, Department of Chemistry, University of Calicut, for their support. In particular, I would like to thank Shijina, Bindu, Mehar, Arun, Jabeen, Soumya, Shinu, Praveen ,Sareena, Sreejith, Subburaj,Divya for their unconditional love and support. My special thanks are also due to Ahalya, Sruthi, Showmi ,Deepa and Rajesh ,Department of Botany, University of Calicut for their support.

I greatly value the friendship and support extended to me by the members of our research group: Mohanakrishnan M, Shalina Begum, Muneer C.P, Sreelekha, Jyothi.P, Sr.Molly clare, Mohamed Arif.
I wish to remember with great sense of gratitude the support, patience and understanding extended to me by my parents and sister throughout. Without their encouragement and understanding it would have been impossible for me to finish this work.

Mity Thambi
