

ACKNOWLEDGEMENT

Milestones are achieved in life not only by individual efforts but by blessing, guidance and help of teachers, parents, elders and friends. Many persons have contributed directly and indirectly to my education and to this thesis. I hereby take this opportunity to pay my gratitude to all those without whose blessings and support this work could not have been taken shape.

*I feel gratified to place on record my heartiest gratitude and indebtedness to my supervisor **Prof. Padam Kant** who encouraged and supported my efforts, knowledgeable guidance throughout my research period. His scholarly suggestions, immense interest, constant help and affectionate behavior have been a beacon of light for me. His suggestions will remain with me as an infinite source of scientific learning throughout my life.*

*I would like to pay my sincere thanks to the present Head of Department of chemistry Lucknow University, **Prof. Padam Kant** for providing the necessary amenities and giving me the opportunity to work in such a competitive environment. I am highly grateful to **Prof. R. N. Pathak**, **Prof. Sudha Jain** (former Head) Department of Chemistry University of Lucknow for providing me the departmental and laboratory facilities to carry out the research work.*
