Chapter Layout

Chapter 1: The Background..........................................................................................................................19
  1.1 Introduction 
  1.2.1 Need for the Study 
  1.2.2 Research Gaps 
  1.3.1 Statement of the Problem 
  1.3.2 Objectives 
  1.3.3 Research Questions 
  1.3.4 Scope of the Work 
  1.4.1 Methodology 
  1.4.2 Operational Definitions 
  1.4.3 Variables & Attributes 
  1.4.4 Instrument Development 
  1.5 The Size of the Sample (n) 
  1.6 Thesis Layout 
  1.7.1 Contribution of the Study 
  1.7.2 Benefits from the Work 
  1.7.3 Limitations of the Research.

Chapter 2: Determinants of Service Quality in Healthcare.................................................................32
  2.1.1 Introduction 
  2.1.2 What is Quality? 
  2.1.3 Transcendent Attributes 
  2.2.1 Rise of Quality Consciousness in Hospitals/Patients 
  2.2.2 Total Quality: An Integrated Perspective 
  2.2.3 Measuring Service Quality: A Complex Issue 
  2.2.4 Defining Service Quality in Healthcare 
  2.3.1 Measurements for Quality in Healthcare

Total Service Quality in Healthcare: With Special Reference to Yeshasvini Project in Karnataka
2.3.2 TQM Approach
2.3.3 Defining TQM in Healthcare
2.3.4 Importance of TQM in Healthcare
2.3.5 Deming’s Principles for Healthcare Systems
2.3.6 The Stakeholders
2.4 In Brief.

Chapter 3: Review of Relevant Literature

3.1.1 Basic SERVQUAL (RATER) Model
3.1.2 Significance of the Model
3.1.3 Criticism of the Model
3.1.4 Criticality of the Model
3.1.5 Modifications of the Model
3.1.6 Applications of the Model
3.2 Other Models in Healthcare
3.3 Application Work
3.4.1 TQM in Healthcare
3.4.2 Leadership/Top Management Commitment
3.4.3 Continuous Improvement
3.4.4 Harmonization and Sharing of Data & Information
3.4.5 Organizational Culture
3.4.6 Management by Facts
3.4.7 Teamwork
3.4.8 Physician and Employee Involvement
3.5 Some Obstacles to TQM in Healthcare
3.6 Trends in Hospital Management
3.7 Periodical Evaluation
3.8 Some Later Works
3.9 A New Dimension for Work
3.10 In Short.

Chapter 4: The Thought Process-A Theoretical Outline

4.1.1 The Disadvantaged Patient
4.1.2 A Categorization of Quality Factors
4.1.3 Construction of Service Quality Index
4.2.1 Healthcare Indices
4.2.2 Positive and Negative Attributes
4.3.1 Generalization of I
4.3.2 Cause and Effect Analysis of Demerits
4.4 The Index I and k Ratio

Total Service Quality in Healthcare: With Special Reference to Yeshasvini Project in Karnataka
4.5.1 Morbidity versus Productivity
4.5.2 Disease-Free Longevity and Human Health Development
4.6.1 De jure and De Facto Quality Levels
4.6.2 A General Hybrid Model
4.7 Complementary Roles of Demerit Index and SQS
4.8 A Multivariate Model
4.9 In a Nutshell.

Chapter 5: Empirical Studies on Quality Evaluation

5.1 Preamble
5.2.1 A Gujarat Hospital: Pilot Study
5.2.2 Facilities in the Hospital
5.3 Hospitals Providing Allopathic Treatment
5.4.1 Description of the Sample
5.4.2 Validity and Reliability of the Instrument
5.5.1 Statistical Analysis of Responses
5.5.2 Data Analysis in Hypotheses Testing Framework
5.5.3 Perceived versus Expected Responses: Paired t-Test
5.5.4 Correlation Analysis: Probable Error Criterion
5.5.5 Regression Analysis
5.5.6 Results of Non-Parametric Tests
5.5.7 Results of Factor Analysis
5.6 Private versus Government Sectors
5.7 Feedback from Service Providers
5.8 Computation of Demerit Index
5.9 Chapter Results in a Nutshell.

Chapter 6: Yeshasvini Scheme in Karnataka State: A PPP Model

6.1 The Yeshasvini Scheme of Karnataka Government
6.2.1 Highlights of the Scheme
6.2.2 The Working Model
6.2.3 Lessons from Similar Schemes
6.2.4 The Benefits under the Scheme
6.2.5 Procedural Steps- A Hassle Free Process
6.2.6 Network Hospitals
6.3 Cases under Yeshasvini Scheme
6.4 Survey Responses from Yeshasvini Beneficiaries
6.5.1 Functioning of the Scheme
6.5.2 Service Quality in the Scheme
6.5.3 Problems with the Scheme

Total Service Quality in Healthcare: With Special Reference to Yeshasvini Project in Karnataka
XI

6.6.1 A New Geometric Model: Concept of Coverage
6.6.2 Universal Health Coverage: WHO View
6.6.3 The UHC Cube for Yeshasvini Scheme
6.6.4 Budget Allocation for Optimum Coverage
6.7 Areas of Application
6.8.1 A Generalization: Cuboid Model
6.8.2 A New Service quality model
6.8.3 Effect of change in parameters
6.8.4 Necessary and sufficient Conditions for Growth
6.9 Concluding Remarks.

Chapter 7: Discussion, Suggestions and Frontiers .................................................................181

7.1 Introduction
7.2.1 Work Accomplished
7.2.2 Contribution of Variables to Total Service Quality
7.3 Are the objectives met?
7.4.1 Discussion
7.4.2 Free Medicines for Disease Management: Mehasana Model
7.4.3 A New Health Index for Indian States
7.4.4 Lessons Learned
7.5.1 Streamlining Healthcare Data
7.5.2 Some Other Suggestions
7.6.1 New Directions for Work
7.6.2 Generalization of Methods and Models as Further Work
7.6.3 A National Medical Database: Unfinished Work
7.6.4 A Novel Approach for Terminology Development: Unfinished Work
7.7 Some Other Research Gaps
7.8 In Retrospect.

ANNEXURE

- Annexure I - References & Webliography.................................................................200
- Annexure II - Detailed Tables of Computed Statistics.............................................220
- Annexure III - Suggested Format for Database....................................................233
- Annexure IV - Additional Review of Studies & Service Dimensions.................234
- Annexure V - Quality Elevation Techniques for Healthcare.............................244
- Annexure VI - Statistical Formulas, Concepts and Methods..............................248

Total Service Quality in Healthcare: With Special Reference to Yeshasvini
Project in Karnataka
ADDENDA

- Addendum I - Questionnaire Used in the Field Studies
  - Part I - Demographics
  - Part II - Instrument for Healthcare Customers
  - Part III - Additional Questions for Yeshasvini Scheme Beneficiaries

- Addendum II - Plagiarism Test Report

- Addendum III - Research Papers Published in Referred Journals
  - Research Paper 2: Quality Improvement in Health Care: A Diagnostic Study.

- Addendum IV - Certificates of Papers Presented in Conferences
  - Certificate 1: Poster Presentation Competition by Manipal Academy of Higher Education.
  - Certificate 2: New Challenges and opportunities for Business and Technology in the wake of recent development in India at Brindavan College.
