Acknowledgements

It feels a deep sense of gratitude and extreme happiness to acknowledge people who helped me in obtaining a not-so easy a Ph.D. degree by providing constant support, help and encouragement. The journey was not possible and was made easier with each one of you around. At this important juncture of my life, I feel overwhelmed to express my sincere word of thanks to all those who have been with me, directly or indirectly supporting me and making this tenure an unforgettable experience.

First and foremost, I would like to express my profound regards and gratitude to my supervisors, Dr. A. B. Singh, Late Dr. B. P. Singh and Dr. Naveen Arora. I am extremely thankful to them for imparting brilliant guidance, encouragement and whole hearted cooperation throughout the work. They played their role to the perfection that helped me to attain skills of a researcher. Their constant motivation and enthusiasm has always instilled confidence in every person who has been associated with him. You have been a great support all the time and always a patient listener. Thank you Sirs, for making things easier and achievable for me. This would not have been possible without your support.

I am grateful to Prof. Samir K Brahmchari, DG, CSIR and Dr. Rajesh S. Gokhale, Director, Institute of Genomics and Integrative Biology, Delhi for providing excellent research facilities.

I owe my sincere gratitude to Dr. Shakuntala Lavasa and Dr. Nagendra Prasad for help in procuring material for my work and help during the experiments.

I would like to express my sincere thanks to Prof. G. L. Sharma for his constant encouragement and support during my tenure.

I feel deeply acknowledged to Dr. B. Ghosh, Dr. Anurag Agarwal and Dr. Susheela Shridhara and for their scientific suggestions and encouragement.

I would like to extend a word of thanks to people in PME division at IGIB who had been of immense help during my PhD. Thank you Jyoti Mam, Giriya Mam, Gupta Sir and Vishal.
I am also grateful to the Staff members with administration of IGIB especially, Mr. Chugh, Mr. Bhardwaj, Sharma ji, Mr Avatar Singh, Mr Hemant and Mrs Ialita. My sincere thanks are also due for Sh. Raghuni Prasad and Sh. Digamber Prasad. Thanks Rahul, Jivjot and Jaideep for troubleshooting the problems with my computer system and internet, whenever needed.

Thank you Bharat Sir for all the scientific and non-scientific discussions. It was fun being in your company. You have always treated me as a younger brother. Thanks a lot Seema for providing help in experiments and being a great friend. You have never made me feel lonely in my tenure. Priyanka has been a very helping in experiments and good support during good and bad times, all wishes to you for your future.

I wish to express my heart felt thanks to my labmates and seniors at IGIB. The cheerful ambience in the lab created by all of them helped immensely to be at this point. I owe thanks to Rashmi Mam, Shipra Mam, Abhinav Sir and Amit Sir. Thank you Chandni for being a great colleague and friend. I will always remember the support given in the work by my trainees in the lab, Aditya, Poonam and Richa.

I thank my friends in IGIB, Dhanapal, Smitha, Sadhna, Chhavi, Preeti, Prema, Ankita, Sanjay, Sagar, Jincy, Anuja and Komal for their help and company. I feel fortunate to have friends around me who have provided consistent support and constantly motivated me to move ahead. Things are easier when Dr. Vikas Pahal, Chetan, Roopendra, Parveen, Sumit and Harsh are around.

I am short of words to express my heartfelt gratitude towards my family. I am lucky to have blessings of my parents with me, in each endeavour of mine. Their unshakeable belief and faith in me has provided immense strength to achieve and face any situation in my life. They are my life support systems constantly infusing in me a force to move ahead. I thank my family for all the support and patience and bearing with my erratic lifestyle and schedule during the course of Ph.D.

I acknowledge greatly the financial assistance provided by CSIR and ICMR during the PhD work. Last but certainly not the least, I wish to thanks Almighty for bringing this day in my life.
