

LIST OF TABLES

S.No	Title	Page no
Table :1	Global scenario of hVISA/VISA	34
Table :2	Distribution of MRSA within each clinical sample	71
Table :3	Distribution of various virulence factors among MRSA strains	72
Table :4	Distribution of virulence factors of MRSA among isolates obtained from various clinical specimens	74
Table :5	PAP-AUC ratio for the hVISA/VISA strains	75
Table :6a &b	Comparision of hVISA detection by BHIAV6 to PAP-AUC method at hVISA prevalence rate of 7%	82
Table :7	Distribution of hVISA within each clinical sample	84
Table :8	Comparison of DNAase detection by direct colony method to culture filtrate method	108
Table :9	Comparison of hemolysin detection by direct colony method to culture filtrate method	108
