ACKNOWLEDGEMENTS

“Education is the manifestation of the perfection already in man”

-Swami Vivekananda

I thank almighty God for blessing me with knowledge, strength, perseverance, health and wisdom to move my research in the proper direction. I thank Lord for standing beside me and shouldering all my difficulties to complete this research work successfully.

I thank my parents Mother Mrs Sybil B Colaco., B.com and Father Late. Mr Rudolph B Colaco., B.com. for nourishing, sculpturing and transforming me into a responsible engineer and citizen of this country. This work is the reflection of my parents’ hard work in upbringing and graduating me. I also thank my sister Dr. Sheryl G Colaco, Prof., Dept. E&E, St. Joseph Engineering College, Mangalore.

I acknowledge the efforts of my guides Dr. Ciji Pearl Kurian, Prof., Dept of E & E Engg., and Dr. Savitha G Kini, Prof., Dept. of E & E Engg and also I express my heartfelt thanks to the Director, Dr. Srikanth Rao, Prof., Dept. of Mechanical and Manufacturing Engg., the team of Associate Director R&C, Dr. Manohar M Pai, Prof. Dept. of ICT and Dr. Ajith Shenoy, Associate Prof. Dept. of ICT and Doctoral Advisory Committee members. Special thanks to former Director MIT, Manipal and presently Registrar Evaluation, MAHE, Dr. Vinod V Thomas, Prof., E & E Engg., MIT, Manipal for my research admissions.

I thank Nitte Education Trust and NMAM Institute of Technology for deputing me for my higher studies and financial support during these three years. Special thanks to Mrs Rashmi Hegde, Associate Prof. and Head, Dept. of Humanities NMAMIT, Nitte and Research scholar Department of Humanities MIT, Manipal for her constant support and proofreadings

I thank the reviewers of the Journal Microelectronics and Reliability and Journal of Building Engineering for their valuable suggestion to tune the research work according to the present scenario.

These three years of my life has taught me to self-explore, appreciate, interact, learn and upright myself through the barrier. These three years has assimilated ideas into reality, strength of mind and life building. Finally, I thank all the faculty of MIT and NMAMIT.
