Acknowledgement

The almighty has been kind in giving me an opportunity to pursue PhD

It gives me immense pleasure to express my sincere gratitude to my guide, Dr. H. Nagabhushana, Chairman & Professor, Department of Studies & Research in Physics, Tumkur University, for his constant support and valuable guidance to carry out my Ph.D and for his patience, motivation, inputs, ideas, creative criticism and immense knowledge. His guidance helped me in all the time of research and writing of this thesis. I could not have imagined having a better advisor and mentor for my Ph.D work.

It is my pleasant duty to thank Prof. Jayasheela, Vice-Chancellor, Tumkur University and Prof. B S Gunjal, Registrar, Tumkur University, for giving me an opportunity to pursue Ph.D in the University. I also deeply acknowledge Director, Special officer, Project assistant and other staff members for their encouragement, co-operation, useful suggestions and support in the University.

I express my heartfelt thanks to Prof. K. J. Rao, Emeritus Professor Solid State and Structural Chemistry Unit, I.I.Sc., Bangalore for his help and thoughtful discussions during my research work.

I am extremely grateful to Prof. S. Asokan, Chairman, Department of Instrumentation and Applied Physics, I.I.Sc., Bangalore, for his advice and for providing me an opportunity to accesses the laboratory facilities for conductivity and high field electrical switching measurements. My thanks to R. Vishwanatha, Post Doctoral Fellow, SSCU, I.I.Sc., Bangalore, for his help and continuous support in completing this research work.
I am indeed indebted to the Management of M.S.R.I.T for the support and encouragement during my research work. It is my duty to express my gratitude to Dr. N.V.R. Naidu, Principal, M.S.R.I.T., for his support, advice and encouragement during the tenure of my Ph.D work.

I am thankful to Dr. S. Sethu Selvi, Professor and Head, Department of Electronics and Communication, M.S.R.I.T., for her support and encouragement. Without her precious support it would not be possible to complete this research.

I deeply acknowledge all my colleagues technical and non-technical staff for their kind support and encouragement in completing this work. Their wishes and support helped in all the aspects of my work. I am grateful to Prof. C. Raghunath Rao for helping me in getting shielding effectiveness measurements.

I thank my teachers Prof. C. Murali, Prof. M. S. Sudhi, Prof. K. Giridhar, Prof. M. S. Srinivas, Prof. K Manikantan, Prof. B. Srinivas, Prof. Madhusudhan Rao, Prof. C. Manjunath and Prof. D. Kumaraswamy for their encouragement, blessings and wishes in completing this work.

I am indebted to my parents and in-laws for their encouragement, love, patience and concern all along my research work. I deeply acknowledge my husband Dr. C. Narayana Reddy for his support and encouragement in completing my research work. I also like to thank my daughters Niveditha N Reddy and Tejaswini N Reddy, for their cooperation and support during my research work.

I thank all my family members, relatives and dear friends for their wishes and prayers in achieving this goal.

SUJATHA. B
