LIST OF FIGURES

Figure: 1.1 Percent of Vehicles sales in Indian (2014-15)

Figure: 1.2: Trends of Production of vehicles in India (2011-17)

Figure: 1.3: Trends of Sales of vehicles in India (2011-17)

Figure: 1.4.: Comparative affordability of car

Figure 4.1: - Age of the respondents

Figure 4.2: Gender of the respondents

Figure 4.3: Respondents Gender as per Age

Figure 4.4: Respondents Education level as per Age

Figure 4.5: Respondents Profession as per Age

Figure 4.6: Respondents Income as per Age

Figure 4.7: Respondents Owing Vehicle as per Income

Figure 4.8: Type of vehicle owning

Figure 4.9: Respondents Type of Vehicle as per Income level

Figure 4.10: Respondents Type of Driving in Daily Routine

Figure 4.11: Respondents Preference for Type of Drive

Figure 4.12: Respondents Vehicle Fuel Efficiency

Figure 4.13: Fuel Efficiency of Differently Powered Vehicle

Figure 4.14: Respondents Fueled Vehicle

Figure 4.15: Disadvantages of traditionally fueled vehicles

Figure 4.16: Carbon footprints by Vehicles

Figure 4.17: Time taken to arrive at purchase decision
Figure 4.18: Frequency of times contacts dealers

Figure 4.19: Effect of Dealers meet on buying behavior

Figure 4.20: Awareness of alternative fuel technologies

Figure 4.21: Awareness of HEVs in being eco-friendlier

Figure 4.22: Fuel Efficiency on the basis of Current Vehicle Fuel Efficiency

Figure 4.23: Preference in Changing to EVs

Figure 4.24: Preference to pay more for HEVs

Figure 4.25: Future plan to buy HEVs

Figure 4.26: Expectation and Govt to promote HEVs

Figure 4.27: ODD-Even Policies impact on buying AFVs

Figure 4.28: Deregistration of Diesel Vehicle impact on AFVs

Figure 4.29: Urgency of Govt Policy to tackle problem

Figure 4.30:Brand Preference for HEVs

Figure 4.31: Preference of size in HEVs

Figure 4.32: HEVs Car preference in respect to Brands
