

INDEX OF PHOTOPLATES

<u>Photoplates No</u>	<u>Page No</u>
Plate A: Map of India and Maharashtra.	XVII
Plate B: Map of Kaigaon Toka.	XVIII
Plate 1: <i>Channa orientalis</i> .	15
Plate 2: <i>Cirrhinus mrigala</i> .	19
Plate 3: a) Lateral view of <i>Channa orientalis</i> . b) Buccal cavity of <i>Channa orientalis</i> . c) (LJ) Lower jaw or floor of mouth of <i>Channa orientalis</i> . d) (UJ) Upper jaw or roof of mouth of <i>Channa orientalis</i> .	114
Plate 4: e) Upper jaw of <i>Channa orientalis</i> showing maxillary and canine teeth. f) Upper jaw of <i>Channa orientalis</i> showing single canine teeth. g) Lower jaw of <i>Channa orientalis</i> showing mandibular and canine teeth.	116
Plate 5: h) Upper pharynx of <i>Channa orientalis</i> showing left patch of (IPT) i) Roof of buccal cavity of <i>Channa orientalis</i> showing right patch of (IPT) j) Floor of buccal cavity of <i>Channa orientalis</i> showing incisors and molariform teeth.	118
Plate 6: a) Lateral view of <i>Cirrhinus mrigala</i> . b) Buccal cavity of <i>Cirrhinus mrigala</i> . c) (UJ) Upper jaw or roof of mouth of <i>Cirrhinus mrigala</i> . d) (LJ) Lower jaw or floor of mouth of <i>Cirrhinus mrigala</i> .	120
Plate 7: e) Upper jaw of <i>Cirrhinus mrigala</i> . f) (IPT) Infra pharyngeal teeth.	122
Plate 8: a) Scanning electron micrograph of type I taste bud on upper lip of	124

<i>Channa orientalis</i> . Scale bar 10µm.	
Plate 9: a) Scanning electron micrograph of type II taste bud on lower lip of <i>Channa orientalis</i> . Scale bar 2µm.	126
Plate10: a) Scanning electron micrograph of type III taste bud on tongue of <i>Channa orientalis</i> . Scale bar 20µm. b) Scanning electron micrograph of type III taste bud on tongue of <i>Channa orientalis</i> . Scale bar 5µm.	128
Plate 11: c) Scanning electron micrograph of type III taste bud on tongue of <i>Channa orientalis</i> . Scale bar 5µm.	130
Plate 12: a) Scanning electron micrograph of type I taste bud on upper lip of <i>Cirrhinus mrigala</i> . Scale bar 10µm. b) Scanning electron micrograph of type I taste bud on upper lip of <i>Cirrhinus mrigala</i> . Scale bar 5 µm.	132
Plate 13: c) Scanning electron micrograph of type I taste bud on upper lip of <i>Cirrhinus mrigala</i> . Scale bar 4 µm. d) Scanning electron micrograph of type I taste bud on upper lip of <i>Cirrhinus mrigala</i> . Scale bar 2 µm.	134
Plate 14: a) Scanning electron micrograph of type I taste bud on lower lip of <i>Cirrhinus mrigala</i> . Scale bar 100 µm. b) Scanning electron micrograph of type I taste bud on lower lip of <i>Cirrhinus mrigala</i> . Scale bar 50 µm.	136
Plate 15: c) Scanning electron micrograph of type II taste bud on lower lip of <i>Cirrhinus mrigala</i> . Scale bar 50 µm. d) Scanning electron micrograph of type II taste bud on lower lip of <i>Cirrhinus mrigala</i> . Scale bar 30 µm.	138
Plate 16: e) Scanning electron micrograph of type II taste bud on lower lip of <i>Cirrhinus mrigala</i> . Scale bar 20 µm.	140
Plate 17: a) Scanning electron micrograph of type II taste bud on tongue of <i>Cirrhinus mrigala</i> . Scale bar 10 µm.	142

b) Scanning electron micrograph of type II taste bud on tongue of <i>Cirrhinus mrigala</i> . Scale bar 5 μ m.	
Plate 18: c) Scanning electron micrograph of type II taste bud on tongue of <i>Cirrhinus mrigala</i> . Scale bar 2 μ m.	144
Plate 19: a) In situ alimentary canal of <i>Channa orientalis</i> b) Ex situ alimentary canal of <i>Channa orientalis</i>	165
Plate 20: a) In situ alimentary canal of <i>Cirrhinus mrigala</i> . b) Ex situ alimentary canal of <i>Cirrhinus mrigala</i> .	167
Plate 21: a) Transverse section of oesophagus of <i>Channa orientalis</i> . b) Transverse section of oesophagus of <i>Channa orientalis</i> .	187
Plate 22: c) Single mucosa fold in transverse section of oesophagus of <i>Channa orientalis</i> . d) Muscularis in transverse section of oesophagus of <i>Channa orientalis</i> .	189
Plate 23: a) Transverse section of stomach of <i>Channa orientalis</i> . b) Mucosa fold in transverse section of stomach of <i>Channa orientalis</i> .	191
Plate 24: c) Muscularis in transverse section of stomach of <i>Channa orientalis</i> .	193
Plate 25: a) Transverse section of small intestine of <i>Channa orientalis</i> . b) Single mucosa fold in transverse section of small intestine of <i>Channa orientalis</i> .	195
Plate 26: c) mucosa in transverse section of small intestine of <i>Channa orientalis</i> .	197
Plate 27: a) Transverse section of large intestine of <i>Channa orientalis</i> . b) Transverse section of mucosal fold of large intestine of <i>Channa orientalis</i> .	199
Plate 28: c) Single mucosa folds in transverse section of large intestine of <i>Channa orientalis</i> . d) Muscularis in transverse section of oesophagus of <i>Channa orientalis</i> .	201
