I am extremely thankful to my research supervisor Dr. Ashfaque Alam, whose guidance and support has contributed immensely in making this work possible and reach to this level.

I also express my heartfelt gratitude towards my guide Dr. Amar Nath Jha for his continuous guidance and encouragement. He gave me immense independence with appropriate controls during the research that made this work highly enjoyable. It is due to his inspiration that we could produce such paper in this work that got awarded as outstanding paper award by International Forum of Management Scholars.

My sincere thanks to the Vice Chancellor of Jharkhand Rai University, Dr. Savita Sengar for providing me the chance to do this research under her university and extending all the support and guidance that made this work possible. She had set an expectation of good work from me that encouraged me to go deeper in the topic and reach to some valuable patterns.

My heartfelt thanks to Mrs. Anusha Priya and Dr. Bhupesh Mahatha, the research coordinator of Jharkhand Rai University who gave me some very vital support at various stages of this research and made me accelerate the work to the desired level.

I am deeply indebted to the National Insurance Academy, Pune, the management and all the staff of the academy who did the hand-holding as and when needed and were always encouraging and pushing me to complete this work. This work would not have been possible without the support of Mr. Sushobhan Sarker, the Director of the Academy.

There are few pillars of strength. They are part of me. In fact, they are so much into me that it is difficult to understand and express their contribution in any formal way.
