

## ACKNOWLEDGEMENT

I feel it is necessary to express my sincere gratitude to all those who have been instrumental, directly or indirectly, in this research work. On the recollection of so many great favours and blessings, I record my sincere gratitude to the Almighty for giving me the opportunity, potential and everyday ability to complete lots of targets in my life including completion of this research work.

First and foremost, my extensive and heartfelt gratitude goes to my revered mentor, my ideal and versatile Dr. Sushma Gupta, Assistant Professor, Department of Education, Kurukshetra University, Kurukshetra. Words are not enough to express my heartiest gratitude towards Dr. Sushma Gupta madam for inculcating research aptitude in me and showing faith in me throughout my journey as a research fellow. I feel privileged and honoured that I got a chance to work with Madam. To express my feelings and indebtedness towards such magnificent personality, I feel short in vocabulary.

My sincere gratitude is due to Professor Rajender Singh Yadav, Department of Education, Kurukshetra University, Kurukshetra for his kind support and motivation in early stages of my research work under his chairmanship.

I convey my heartfelt gratitude to Professor Sangeeta (Chairperson), Professor Sushil Kumar Gupta and Dr. Jyoti Khajuria, Assistant Professor, Department of Education, Kurukshetra University, Kurukshetra for their timely guidance and support. I am deeply beholden to all the faculty members and non-teaching staff of Department of Education, Kurukshetra University, Kurukshetra for their persistent cooperation. I am also grateful to all the Principals for allowing data collection from their schools and all the teachers who extended their kind co-operation by providing necessary data (by filling up the research booklets) indispensable for the present study.

I am in dearth of words to express my love and deep sense of gratitude to my friends and well-wishers for providing me timely support, help and guidance. All my love is due to Dr. Shalini Devgan, Dr. Angrej Singh, Asha Saini, Ms. Seema, Aditya Prakash and Anjana for their presence in life and timely support.

I am gently indebted to Mr. Pardeep Kumar, for his valuable guidance throughout my research and sparing time for proof reading of the report. I convey my heartfelt thanks to Deepak, Mehta Photostat, Third Gate, Kurukshetra University, Kurukshetra for his cooperation, help and giving final touches to the thesis.

Last but not the least, this acknowledgement would be incomplete if I forget members of my family who always stood by me to make me move ahead in life. The continued blessings and regular encouragement by my loved ones have played a great role in my educational journey.
