

INVENTORIES

This investigation is being undertaken to ascertain the view of different categories of senior secondary schools' students from different areas of Haryana state. Your school students are selected for this purpose. The study is of current importance as generally investigator want to know the adolescent students' expression about themselves, values, their perception about family relationship and school environment as per desired inventories. You are requested to give your free and frank opinion on various issues presented through these inventories.

Your response will be kept confidential and your name will not report. Your very values, co-operation in the completion of the attached inventories is kindly solicited.
