

LIST OF TABLES

Table	Title	Page No.
Table No-1	Specific growth rate (SGR) in different fish species stocked in integrated and non-integrated fish ponds.	71
Table No-2	Mean initial wt. (g), mean final wt. (g), mean net wt. gain (g), growth rate (g/day), survival (%), production of individual species (kg/ha) and net production (kg/ha) of fishes under non-integrated (C) and the integrated ponds (T1, T2 and T3) during the study period.	72
Table No-3	Growth performance of Poultry birds and waste production in different stocking densities.	73
Table No-4	Proximate composition of nutrients in poultry droppings (%).	73
