

## LIST OF TABLES

3.1	Method for Discounting Income	36
4.1	Growth and Trend of Migration in Assam	41
4.2	Growth and Trend of Migration in Sikkim	42
4.3	Migrants by place of last residence and sex in Assam and Sikkim	43-44
4.4	District wise-distribution of Interstate migrants in Assam (as per 1991 and 2001 census)	47-48
4.5	District-wise distribution of Interstate migrants in Sikkim(as per 1991 and 2001 census)	49
4.6	Stream of interstate migrants from Bihar to Assam and Sikkim	50-51
4.7	Duration of stay of the Bihari migrants in Assam and Sikkim	54
4.8	Reason for Migration (in %)	59
4.9	Age distribution of migrants from Bihar (in %)	60
5.1	Descriptive statistics of the Bihari migrant labourers	62
5.2	Marital status of the migrants	64
5.3	Occupational structure across different age groups	67
5.4	Years of Migration	72
5.5	Reasons for Migration	76
5.6	Frequency of Factors for Migration	78
5.7	Prior Migration Experience	80
5.8	Reasons for Leaving Previous Destination before coming to NER	82
5.9	Images of the present destination before arriving	85
5.10	Frequency and Mode of sending remittance	87
5.11	Frequency to Visit home	88
6.1	Independent t-test	92
6.2	Correlation Matrix	93
6.3	Multiple regression (Log of saving as Dependent variable)	94
6.4	VIF for savings function	97
6.5	Logit model coefficients	99
6.6	VIF for Logit model	102
6.7	Correlation Matrix among the independent variables	103
6.8	OLM estimation of period of migration	104
6.9	Correlation Matrix (for income difference)	108
6.10	Estimated coefficients for the regression (Difference in income)	109
6.11	VIF (for income difference)	111
7.1	T-test on expenditure items across states	113

7.2	Expenditure distribution on necessary items (in Rs)	115
7.3	t-test for allocation of time on different activities (mean)	116
7.4	Variables under economic/financial dimension (in %)	118
7.5	Indicators under Human and Personal dimension (in %)	120
7.6	Indicators under Social dimension (in %)	122
7.7	Indicators under Physical dimension (in %)	124
7.8	Measurement and Descriptive statistics of the indicators	126
7.9	Composite Index in Assam and Sikkim (Occupational Category-wise)	127
7.10	Composite Index in Assam and Sikkim (Years of migration)	128
7.11	Descriptive statistics of two scales in two states	130
7.12	Correlation with SWLS (Satisfaction with life score)	131
7.13	Regression model coefficients for SWLS	132
