

Acknowledgements

At the very outset I would like to place on record my deep sense of gratitude to (Prof) Dr. Sabu Thomas, School of Chemical Sciences, Mahatma Gandhi University, Kottayam, for his inspiring guidance, constant encouragement and valuable suggestions during the entire period of this research work.

I also express my sincere thanks to my supervisor Dr. S. S. Bhagawan, Amritha Viswa Vidya Peetham, Coimbatore, for his valuable guidance, insightful comments and painstaking help all throughout the course of this work.

I am thankful to Prof. P.K. Radhakrishnan, Director, School of Chemical Sciences, Mahatma Gandhi University and Prof. M. Padmanabhan, former Director of School of Chemical Sciences for their help and generosity.

I am also grateful to all faculty members of School of Chemical Sciences. I would also like to express my thanks to Dr. K.C. Manikandan Nair and Dr. C. Arunan of School of Chemical Sciences for their timely help and assistance throughout the period of this research work.

I am thankful to Dr. M. S. Sreekala for her valuable suggestions and help in completing this work. I also acknowledge the help received from Dr.V.S Prasad of Regional Research Laboratory, Thiruvananthapuram.

I am thankful to my friends Dr. Lali A Pothan and Dr. Gethamma V. G. for their help and encouragement throughout the period of this work.

The work would not have been possible without the timely help from my laboratory colleagues Drs. Maries Idicula, Shirly Anne Paul, Cibi Komalan, Susan Joseph, Seena Joseph, Rosiline, Sreekumar P. A., Jesmi Jose, Maya Jacob, Ms. Viju Susan Mathew, Ms. Indira K. N. and Ms. Meera A. P. I would like to express my sincere thanks to each one of them.

I am also indebted to all the senior and present research scholars and staff of the Polymer Technology Laboratory. I also specially thank Mr. Shijo of this laboratory for his help. My thanks goes to the M.G. University Library staff members and specially to Mr. Raju Varghese for the help and assistance rendered during the period of my study.

I also acknowledge the retired and present staff members of Department of Chemistry, St Thomas College, Kozhencherry for being a source of inspiration through out the course of this investigation.

I thank my beloved children Aswathy and Aswin for their love, understanding, support and sacrifice through out the period of this work. I also acknowledge the support rendered by my son-in-law, Rajesh.

I am deeply indebted to my beloved mother whose prayers strengthened me during the course of this study.

I express my sincere thanks to Mr. K. V. Shibu and Mr. Unni of Minitex Computers for their meticulous computer skill that has enabled the presentation of the thesis in this form.

Last but not least, above all, I bow my head before God Almighty who enlightened me with wisdom, courage and health to complete this thesis.
