

DECLARATION

I hereby declare that this thesis entitled “Hypoglycemic and nephroprotective role of palm oil tocotrienol rich fraction (TRF) and rice bran oil TRF in non genetic model of diabetic rat” embodies the result of original research work carried out by undersigned at the Department of Biochemistry, Faculty of Science, Jamia Hamdard, New Delhi.

Date 15.12.2011

SHABEENA SIDDIQUI

DEDICATION

This thesis is dedicated to my parents and brother who never failed to give me the much required moral support and were a great source of motivation and inspiration all the way since the beginning of my studies.

This thesis is also dedicated to all those Wistar rats whose lives were sacrificed for producing this valuable work. I feel really sorry for inducing diabetic complications in them because I could feel the pain and sufferings they had to undergo for the execution of my experiments.
