PLATES

2. Index Map.

3. Relief.

4. Drainage.

5. A. Mean Annual Rainfall.
   B. Monthly Rainfall and Temperature.
   C. Proportion of Net Sown Area and Major Crops.
   D. Value of Agricultural Produce/hectare.
   E. Major Industries
   F. Industrial Units by broad divisions.

8. Trends of Urbanization.
   A. Urban Growth: Regional Trends.
   B. Trend of Size-class structure, 1901-71.
   D. Degree of Urbanization, 1971.
   E. Deviation of Growth Rates of Towns from natural growth rate, 1961-71.
   F. Urban Growth Regions of Malwa.

   H. Variation in size rank of Towns, 1901-71.

12. Locational Analysis of Towns, I.

13. Locational Analysis of Towns, II.

14. Distributional characteristics of Towns.
   A. Inter-town distances as per cent of the regional mean, 1971.
   C. Theoretical Settlement Patterns.
D. Relationship of size and spacing of Towns.
E. Frequency distribution of spacing of Towns.
F. Variation of Rn Values.
G. Size Distribution of Towns.

15. Spacing of Towns by size classes.

17. A to G. Functional Specialization and Hierarchy of Towns.

18. Functional Status, structure and specialization of Towns.

   A. Age and Sex Composition of Urban Population.
   B. Divergence of Sex Ratio.
   C. 1 to C 4 - Age Sex Pyramids.
   D. Economic Composition of Work force of Towns.
   E. Trends of Sex Ratio, 1901-71.
   F. Trends of Sex Ratio, Size-class-wise, 1901-71.

22. Hierarchy of Towns.
   A. Relation of Centrality Score and Population of Towns.
   B. Relation of Composite Centrality Index and Population Ranks of Towns.
   C. Relation of Total and Qualifying Bus Services of Towns.
   D. Hierarchy of Towns by Centrality Score.
   E. Hierarchy of Towns by Composite Centrality Index.

23. A. Bus Service nodality of Towns.
    B. Transport Network.

24. Structure of Composite Centrality Index.

26. Urban Hierarchy and Nodal Regions.
