ACKNOWLEDGEMENTS

First and foremost I would like to thank the ALMIGHTY for the successful completion of this thesis.

I wish to express my heartfelt indebtedness and deep sense of gratitude to my Mentor and Supervisor, Dr. V. ARJUNAN, M.Sc., M.Phil., M.Ed., P.G.D.C.A., Ph.D., Department of Chemistry, Kanchi Mamunivar Centre for Post Graduate Studies, Lawspet, Puducherry. I want to express my profound thanks to him for giving me the independence in choosing my own subject of research, as well as for many fruitful discussions, which greatly contributed to my scientific work. But for his expert views on the work carried out, it would have been impossible for me to complete this research work.

I am grateful to Prof. Dr. S. MOHAN, Ph.D., D.Sc., Dip. in German., D.H.R.D., D.B.A., D.B.M., former Vice-Chancellor PRIST University, Thanjavur. Thanks are due to him, for initiating me to carry out this research work. Words are inadequate to place my gratitude to him for his valuable suggestions and constructive criticism to fulfill this work.

I express my gratitude to the Director, KMCPGS, Puducherry, Dr. J. Sukumar, Head of the Department of Chemistry and all the Staff Members, Department of Chemistry, Kanchi Mamunivar Centre for Post Graduate Studies, Lawspet, Puducherry for their kind unflinched support to carry out the research work at this centre.

I thank Dr. G. Kuppusamy, The Director, Centre for Research and Development, PRIST University, Thanjavur for providing all assistance to carry out my work to completion. I extend my sincere thanks to the Doctoral Committee Members Dr. J. Karthikeyan, Scientist, Centre for Research and Development, PRIST University, Thanjavur and Dr. S. Periandy, Associate Professor of Physics, Tagore Arts College, Puducherry for their valuable suggestions for the improvement of the quality of the research work.

I am also grateful to Rtd., Prof. Dr. V. Sitaraman, M.B.B.S., Ph.D., Department of Biotechnology, Pune University. Words are inadequate to place my gratitude to him for his valuable suggestions. My special thanks are due to Dr. Abu Ayoobul Ansary, Biochemical Division, National Chemical Laboratory (NCL), Pune, for his kind help in this venture.

Above all, I am deeply indebted to my father, mother, brother, wife and kid for their constant inspiration, affection and support which helped me immensely to complete this research successfully.

Saravanan
