ACKNOWLEDGEMENTS

I wish to express my deep sense of gratitude to Dr. S. Godwin Wesley, Reader, Department of Zoology, Scott Christian College (Autonomous), for his valuable guidance and encouragement throughout the period of investigation.

I am grateful to Dr. James R. Daniel, Principal, Scott Christian College (Autonomous), Nagercoil, for providing necessary facilities that culminated in the successful completion of my research work.

I owe much to Dr. Prasanna Kumar, The Head and Dean of sciences, Department of Zoology and Research Centre (Autonomous), Scott Christian College, Nagercoil.

My yen to express here the apex level of zeal to Dr. V. Ramadhas, Professor and Head, Tamil Nadu Veterinary and Animal Sciences University Training and Research centre, Parakkai, for suggesting this area of research and sustained tenacious support throughout the duration of the study and preparation of the thesis.

It is my privilege to submit here the deep sense of gratitude to Dr. R. Paul Raj Correspondent and Dr. N. Gnanadhas, Principal, N.M. Christian College, Marthandam for their constant encouragement.

I am indebted to Mr. S. Satheesh, Research scholar, Scott Christian College, for his timely helps.

I express my special thanks to Dr. Sam Manohar Dhas, Reader, Scott Christian College, Dr. Vareethyah, Reader, St. Jude's College,
Thuthoor, Mr. Subramaniam, Inspector of Inland Fisheries, Department of Tamil Nadu State Fisheries, Nagercoil, Prof. D. Mithra Dev, Head, Department of Zoology and Prof. D. Dileep Packia Raj, N.M. Christian College, Marthandam, for their kind help.

It is my zeal to express the faithfulness to my parents for their untiring care, support and encouragement provided to me, which are beyond verbal expressions.

My special thanks are due to my wife N. Jeya Rani, for her kindness and co-operation provided during the preparation of the thesis.
