

## CONTENTS

Acknowledgements	...	I-II
General Summary	...	1-3
<b>Chapter 1 Introduction to 1/f Noise</b>		
Introduction	...	4-5
General Properties of 1/f Noise	...	5-8
General Properties of Burst Noise Phenomena	...	8-9
References	...	9-10
<b>Chapter 2 Models for 1/f Noise and Their Experimental Setup</b>		
Hooge's Hypothesis	...	11-12
Approach of Voss and Clarke	...	13-14
Mc Whorter's Surface Noise Model	...	14-15
Mobility Fluctuation Noise Model	...	15-16
References	...	16-17
<b>Chapter 3 1/f Noise Sources in Homogeneous Semiconductors</b>	...	18
Important Types of Noise in Semiconductors	...	19-22
Conductivity - Experimental Distinction between $\Delta n$ and $\Delta \mu$	...	22-26
1/f Noise $\Delta n$ Models	...	26-29
1/f Noise $\Delta \mu$ Models	...	29-33
References	...	33-35
<b>Chapter 4 Handel's Theory of 1/f Noise</b>	...	36
Quantitative Derivation of Quantum 1/f Noise	...	37-38
Quantum 1/f Effect and Diffraction	...	39-40
Second Quantization Formulation of Quantum 1/f Noise	...	40-42
Coherent States and Quantum 1/f Effect	...	42
Keldysh-Schwinger Formalism	...	42
References	...	43
<b>Chapter 5 Tools Used in Present Research Work</b>		
Introduction to Tools Used	...	44-45
Introduction to Digital Signal Processing	...	45-46
Frequency Analysis of Signals and DSP	...	46
Tools Used in DSP System	...	46-49
Power Density Spectrum of Periodic Signals	...	49-50
Energy Density Spectrum Aperiodic Signals	...	50-53
Fundamentals of Fast Fourier Transforms	...	54
Computation Methods of the DFT and FFT Algorithms	...	55
Divide and Conquer Approach to Computation of DFT	...	55-59
Application of FFT Algorithms	...	59-61
References	...	61

<b>Chapter 6</b>	<b>Experimental Results and Discussions</b>	...	
	1/f Noise Studies of Counting	..	62
	1/f Noise Studies in Physical Systems		
	Fluctuation of Current & Associated Parameters	...	63-75
	Biasing of Devices Under Test	...	75
	Isolation DUT from Extraneous Noise	...	75-76
	Typical Experimental Setup DUT	...	76-81
	Results and Discussion	...	82
	1/f Behaviour of low Frequency Records	...	82-97
<b>Annexure 1</b>		...	98
<b>Annexure 2</b>		...	99
<b>Annexure 3</b>		...	100-101
