Acknowledgement

It is a great pleasure to express my sincere gratitude and indebtedness to my research guide Dr. K. V. Sharma, Professor, Department of Mechanical Engineering, University Visvesvaraya College of Engineering, Bangalore University, Bangalore, for acting as supervisor and giving valuable guidance and moral support during the course of research work.

I sincerely thank Dr. S. Paul Vizhian, Professor and Chairman, Department of Mechanical Engineering, University Visvesvaraya College of Engineering, Bangalore, for his encouragement, motivation and support towards the completion of the research work.

It gives me an immense pleasure to acknowledge and express my deep sense of gratitude to my gurus and mentors Dr. Krishna, professor, Department of Mechanical Engineering, R.V. College of engineering, Bangalore and Dr. Shivavudraiah, professor, Department of mechanical Engineering, University Visvesvaraya College of Engineering, Bangalore, for suggesting this topic and their blessing guidance and support paved a successful path for execution of the experimental and thesis work. Their knowledge, intelligence and humane always helped me unconditionally to solve various problems, which was one of main reasons for successful completion of my thesis.

I thank Dr. Vijay Kumar, Professor and Dean - Faculty of Engineering and Dr. K.R. Venugopal, Principal, University Visvesvaraya College of Engineering, Bangalore, for their encouragement and support.

This thesis could not have been possible without kindness, inspiration, continuous advice and support from my professors, Dr. B.K. Muralidhara, Dr. N. Lakshmanaswamy, Dr. S. Ranganath, Dr. H.C. Chittappa, Dr. H.N. Vidyasagar, Dr. Raj prakash and Dr. Umesh.

I thank all the teaching and non teaching staff of Department of Mechanical Engineering, UVCE, for their help, inspiration and moral support.
My special thanks to Sri Devaraj, Retd joint secretary, Vidhanasouda, Bangalore and Professor H.U.Taswar, Director, Department of Technical Education, Bangalore for their support and encouragement during the course of investigation.

I would like to express my deep sense of gratitude to friends Professor Seenappa, Professor B.G.Vijayasimhareddy, Smt.B.G.Sumana, Sri.S.Vijaykumar, Joint Director, Department of Technical Education, Bangalore, Sri.R.Narayanaswamy, Sri.K.Mahadevaiah, Sri.Parashurambedar, Sri.R.K.Dwarakanath, Sri.N.M.Yadavagiri, Sri.K.Mahadevaswamy and Sri. R.Venkatesh for supporting and their kind help during the investigation.

My deep gratitude goes to my entire family: my mother, my late father, my sisters Smt .M.Vasantha Kumari, Dr. M.Dakshayini, Professor, MINTO Hospital, Bangalore Medical College, Bangalore, my brothers Sri. M.Shiva Shankaran, Sri. M.Gangadhara Murthy and Dr. M.Mahadevaswamy, Orthopedic Surgeon, for always supporting my choices and for their love and prayers. Finally, I thank who has always been at my side and brought me here today.

Behind success of every man, there is a shadow of woman. I would like to thank my beloved wife Smt. Anitha Sripathy, AE, Computer Service Dept., Karnataka Power Corporation Ltd, Bangalore, for providing me technical assistance with the best care at home and creating a peaceful and loving environment and also for being patience with me during the stressful times. She and daughters Divyasri. S and Ramyasri. S are the most important motivation for completing my thesis.

Last but not least, I sincerely thank to all those who have directly or indirectly helped for the work reported herein.

Bangalore

M.Sripathy
