

## LIST OF FIGURES

Figure No.	Title	Page No.
1.1	Classification of severity due to asthma	3
2.1	Pharmacotherapy for asthma	12
2.2	Herbal drug standardization	17
2.3	Photographs of <i>H. spicatum</i> (1) Flowering (2) Seed formation (3) Freshly dug rhizomes (4) Cleaned rhizomes.	27
2.4	Structures of compounds	28
2.5	Photographs of <i>P. integerrima</i> (1) Adult tree (2) Leaf gall formation (3) Leaf gall development (4) Dried leaf gall	33
2.6	Structure of compounds	37
2.7	Structure of 1-benzopyran-2-one	40
2.8	Structure of 1, 8-cineole	46
2.9	Structures of Terpenoids 1. Borneol 2. Bornyl Acetate and 3. Terpeneol	49
2.10	Structures of Terpenoids 1. Linalool and 2. Linalyl Acetate	50
2.11	Structures of Terpenoids 1. - Terpinene, 2. -Terpineol, 3. Terpinen-4-ol, 4. Myrcene and 5. Limonene	52
2.12	Structures of Terpenoids 1. Fenchone, 2. -Pinene and 3. (S)-cis-Verbenol	54
2.13	Structure of Vitamin C	55
2.14	Structures of fatty acids	57
3.1	Collection of fresh rhizomes of <i>H. spicatum</i>	60
3.2	Soxhlet apparatus	68
3.3	Scheme for the successive solvent extraction	69
3.4	Clevenger apparatus	74
3.5	Evaluation of anti-tussive activity (Cough response)	82
3.6	Evaluation of respiratory hyper-reactivity	86

4.1	Macroscopic evaluation of rhizomes of <i>H. spicatum</i>	95
4.2	Macroscopic evaluation of <i>P. integerrima</i>	96
4.3	Microscopic evaluation of rhizomes of <i>H. spicatum</i>	97
4.4	Microscopic evaluation of galls of <i>P. integerrima</i>	98
4.5	Effect of drug treatments on citric acid induced cough frequency in guinea pig	107
4.6	Effect of drug treatments on citric acid induced coughing latency in guinea pigs	108
4.7	Effect of test drugs on OVA induced cough latency	109
4.8	Effect of test drugs on OVA induced cough frequency	110
4.9	Effect on OVA induced cellular infiltration into BAL	111
4.10	Effect on OVA induced eosinophilic infiltration into BAL	112
4.11	Effect of test drugs on OVA induced lipid per oxidation (BAL fluid)	113
4.12	Effect of test drugs on OVA induced lipid per oxidation (lungs)	113
4.13	Effect of test drugs on NOx level in BAL fluid	115
4.14	Effect of test drugs on NOx level in lungs	115
4.15	Effect of test drugs on GSH content in BAL fluid	116
4.16	Effect of test drugs on GSH content in lungs	117
4.17	Histopathological studies	118
4.18	Immunomodulatory activity of pet ether extract and volatile oil of <i>H. spicatum</i>	121
4.19	Immunomodulatory activity of pet ether extract and volatile oil of <i>P. integerrima</i>	121
